A SYMPHONY OF THE SENSES

Air-Motion roasting engages sight, smell, sound, and taste in a deliciously harmonic convergence.

LIBERATING + EMPOWERING

Never lose sight of the beans as they dance and swirl in the clean, gasless, hot airstream.

YOU DIRECT THE DANCE

You control the dance between convection, conduction, and radiant heat.

3KG, 6KG, 12KG.

TRY BEFORE YOU BUY

SEND US YOUR GREEN.
YOU'LL SEE WHAT WE MEAN.

TASTE THE AIR-MOTION ROASTED DIFFERENCE FOR YOURSELF!

Send us **3 kg (6.5 lbs)** of your favorite green beans and let our cutting-edge Air-Motion Roaster unlock their true potential.

Once roasted, we'll promptly mail your Air-Motion roasted beans back for you to brew into a delicious cup of coffee that truly stands out.

We'll also bring you in on a **live video call** while we roast your profile. And then **we'll send you those video clips** for you to rewatch the magic.

MEET OUR DEMO PARTNERS

Experience the superior roasting of Air-Motion Roasters firsthand. **Schedule a test roast with our demo partners in the US and Canada.** Just bring your green coffee, and we'll provide the machine. Taste clean, delicious coffee in minutes. **Purchase an Air-Motion Roaster after your test roast and we'll reimburse your hotel and airfare expenses.** Contact us for details.
