# Q400C

## Continuous Bag Sealer

The Q400C is QuantumPak's continuous band sealer that can seal bags & pouches at speeds up to 400" per minute.

The Q400C's rugged design and heavy duty construction will hermetically seal a wide variety of metalized, paper, Tyvek & other plastic materials and a variety of bag styles. It is suitable for 24/7 operation in a wide range of demanding industries and with its standard 6" wide x 4' long fully synchronized product conveyor, it can hold bags weighing up to 10 lbs. and up to 22" tall as standard.

The Q400C can seal pillow top or gusseted bags at speeds up to 15+ bags per minute.

The sealing process includes easy to use digital controls for the temperature and speed and can be adjusted to accommodate a wide variety of material, ensuring reliable seals.

Different seal widths and printing options are available. The Q400C is the perfect solution for your bag sealing needs!

# QuantumPak

Intelligent Packaging Systems

QuantumPak is a leader in the design and production of high-quality, industrial grade bag & pouch sealing machinery which we stock in both the United States & Canada. We also have knowledgeable stocking distributors throughout North America that can provide local sales assistance, parts, and service. Our team is comprised of seasoned engineers with decades of experience in a wide range of industries.

Our machines are suitable for 24/7 operation in the most demanding industries. We provide semi-automatic to fully automated bag sealing and bag filling, coding & labeling solutions for a wide range of clients.

## AVAILABLE OPTIONS

## FEATURES

1

Pressure Roller Kit

2

Wider Seal

3

Table Top

- Maximum Speed of 400" per minute
- Right-to-Left flow.
- Capable of handling bags up to 22" tall.
- Detachable seal module (for faster changing of the seal bands/seal widths)
- Easy to use digital controls
- Quick change seal bands
- Rugged control box construction
- Crank wheel height adjustment for the sealer
- Spring Loaded pressure bars for better sealing pressure on thicker/gusseted bags
- Rugged reinforced caster mounts & casters
- USA manufactured controller
- Quick delivery
