

Our best-selling portable sealer series – ideal for sealing almost anything!

The KF-150-Series are portable, lightweight heat sealers that can be used anywhere; ideal for sealing small, irregular, or extra long packages. Constructed with a high impact ABS thermal casting for heavy duty applications. A 5-15 minute warm up time needed. Optional pedal & clamp set available to convert sealer to foot-operated sealer.

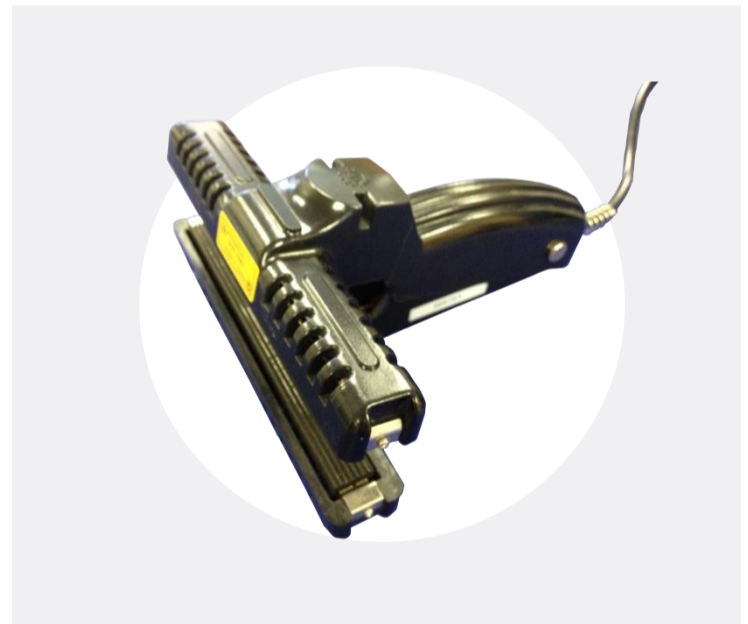

KF-150PS

- 6" poly heat sealer
- Ideal for poly bags and other thermoplastic materials
- Seal Width – 1/16"
- Upper jaw – heated sealing bar
- Bottom jaw – resilient silicone rubber
- Seals polyethylene and polypropylene up to 6 mil thick

KF-150CST

- 6" direct heat sealer
- Ideal for sealing cellophane, coated aluminum foil, Kraft paper, and other thicker materials
- Two PTFE coated, serrated jaws
- Seal Width – 5/8" or 15mm
- KF-150CST – Two temperatures - 215°F and 350°F
- KF-150CSTA – Adjustable temperature controller for wider range of material types 285°F-390°F
