

Description

FastLock 71P Glue Sticks - Fast setting packaging hot melt sticks for strong adhesion to a range of packaging materials including corrugated boxes, cartons as well as point-of-sale.

Check out the benefits of our glue sticks:

- FastLock® 71P glue sticks have good adhesion to most packaging materials, including metallised surfaces and GR boards
- Ability to bond to wide variety of difficult substrates, down to freezer temperatures
- Low odour
- Rapid melt rate ensures your operators can set to work quickly
- Fast-setting time and a medium viscosity meaning it is easy to apply and needs less assembly/compression time
- FDA approved under CFR21.175.105 for food applications

Specifications

Set Speed	Fast
Ring & Ball	103-113°C
Viscosity	4500 – 5500 cps at 180°C
SAFT	71-81°C
Stick Diameter	~12mm
Pack Size	320 Glue Sticks for box
Pack Weight	10kg
Pallet quantity	60 x 10kg boxes, 600kg total
Birkstein Otlar Product Code	000 017 00
