

## **OneScreen** Touchscreen TL7

# More momentum. Less wasted time.

### Screens that fit your work flow.

- Interoperable with prominent networking, conferencing, and task management platforms
- Personalize your home screen with short cuts to favourite apps
- Supports devices that are using Google, Microsoft and Apple platforms
- Pull from and save content to your cloud drive from anywhere in the screen

Specifications are subject to change at any time without notice. Nov, 2022 © All rights reserved.

Free, unlimited help & training

### Run multiple apps, stream big files, bring in video, all at once without any lag.

#### Software & Services

| Interactive Whiteboard               | OneScreen Write is a powerful annotation tool with cloud drive integration, built-in browser and smart tools.                     |  |
|--------------------------------------|---|--|
| Device Management                    | OneScreen Central provides cloud-based multi-device management, messaging to multiple devices, apps and settings management.      |  |
| Screen Sharing                       | OneScreen Share allows multi-device screen share and streaming. Up to 9 devices supported (iOS, Android, Windows, Chrome, MacOS). |  |
| User Profiles and Cloud drive        | OneScreen Accounts help you create customized profiles that integrate with Google and Microsoft Cloud drives.                     |  |
