HOW TO FIND YOUR RING SIZE?

this document has been downloaded from www.cinco-store.com and is intended as a ring size guide. if you are in any doubt, please don't hesitate to contact us.

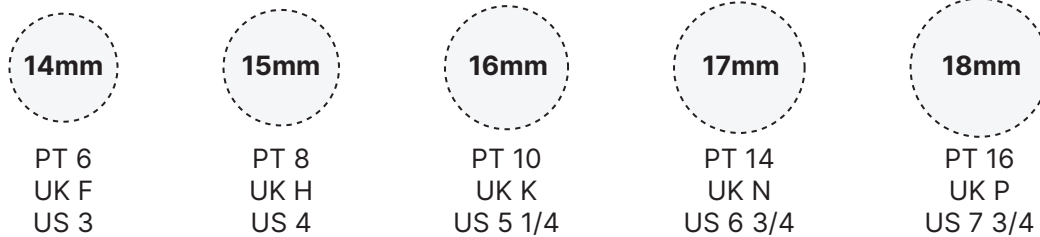

STEP 01.

print this sheet on A4 paper at 100% (1:1) scale. after printing, measure the ruler above. it should be exactly 100mm.

STEP 02.

take a ring of your own that you know is the right size and place it over the five different diagrams below. the inner circle of your ring should align with the circle. if your ring is between two sizes, we recommend that you choose the larger one.

DON'T HAVE A PRINTER?

if you don't have a printer, hold an existing ring against the circles on your computer screen. use the zoom feature to make sure the ruler in step 1 is accurate. measure the screen with your own ruler.

DON'T HAVE A RING?

cut out the ruler on the right and hold it around your ring finger, then find the appropriate size in the circles above. if your ring is between two sizes, we recommend that you choose the larger one.
