Thank you for your interest in **Pak One**, your one-stop supplier for all your personalized packaging needs!

Pak One Brands specializes in eco-friendly packaging solutions for the food service industry. We cater primarily to distribution companies in the US market. Our focus is providing our partners the ability to offer a variety of custom packaging to their clients, with low ecologic impact. We offer a wide range of products made from a variety of sustainable materials. We can ship mixed containers (mixed SKUs, mixed prints, or mixed custom-printed product with stock product) and have low minimums on printing.

We at **Pak One Brands** are passionate about sustainability and the environment. **Our mission is to provide environmentally responsible packaging solutions that minimize waste and contribute to a cleaner planet.** We have dedicated ourselves to researching, designing, and manufacturing innovative biodegradable compostable foodservice products of all kinds. Our team of experts is committed to delivering high-quality affordable products, with a reputation for durability and sustainability; all while providing industry-leading service with genuine hospitality.

Focused on reducing single-use plastics and non-recyclable materials, **Pak One** products are designed to be efficient, durable, and above all, environmentally friendly. We firmly believe that every small step towards sustainability counts, and we take pride in being part of the solution to the global waste problem. As we continue to grow, we strive to minimize our carbon footprint, and inspire other businesses and individuals to embrace eco-conscious choices in packaging.

Thank you for joining us on this journey towards a greener future. **Together, let's make a positive impact on the planet!**

Lead time for all custom products is approximately 90 days after final art approval.

All stock products are available in our Virginia distribution center.
