

CORPORATE & BULK ORDERING

YES WE CAN!

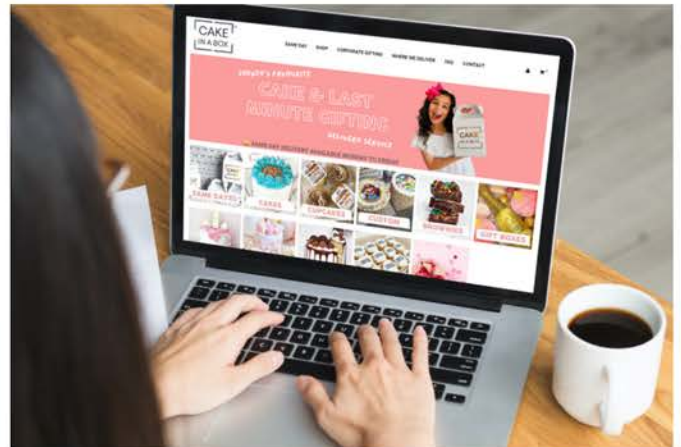

ABOUT US

Cake In A Box was launched in 2019 by husband-and-wife team Andrew and Susan Grima.

Susan, with experience running a cake and dessert business locally noticed that consumer trends were quickly changing and demand for last minute cakes and desserts was on the rise. Not satisfied with turning last minute customers away, Susan's motivation grew and she turned her focus to designing an exclusive range of cakes and desserts that not only looked amazing, but could be easily transported as well.

Andrew, with years of experience working for consulting, large financial institutions and an established consulting business of his own – played an integral role in the setup and creation of Cake In A Box's operational, technology and procurement processes and continued in a part time role as business mentor and coach. In July 2020, Andrew joined Cake In A Box full-time to support the team with overwhelming growth, bringing with him a wealth of experience in business, risk and project management, process and control transformation, stakeholder management, marketing and customer service.

The Cake In A Box team has steadily grown and is truly a family owned / family run business with Susan's sister and brother-in-law and Andrew's parents part of the core team.

Cake In A Box prides itself on the quality of its products, the frequency, quality and timeliness of its communication and customer service and the reliability and integrity of its delivery service.
