Get started with MEMOplanner Go

Mobile support for MEMOplanner

MEMOplanner Go – Mobile support for MEMOplanner

If you have a MEMOplanner, you can install the MEMOplanner Go app in your smartphone to:

- Get an overview of the day, week and month
- Keep track of the time
- Get clear reminders
- Check off activities
- Reschedule the calendar

Install the app in your smartphone

Technical information

- Compatibility: From Android 8 / iOS 9 and up
- Automatic software update (according to phone settings)
- Only for smartphone
- Logs out when the MEMOplanner license expires
- Can be installed on several devices
- Compatible with smartwatch (notifications)
- Uses the device's built-in speech synthesis

Get an overview and keep track of time

Overview of the week

Overview of the month

Get clear reminders

How to set the alarm sound for MEMOplanner Go

Get discrete reminders on your smartphone

Make the activities checkable and you will be reminded several times

Check off activities

When the activity is checked off, you see clearly in the calendar that it is completed and you will not get any more reminders

Reschedule the calendar
