How to set alarm sound in MEMOplanner Go

4. Get clear reminders

1. Tap to open push notifications from MEMOplanner Go.

2. Checkable activities can easily be confirmed.

3. Set reminders to get push notification on your smartphone.

4. Get discrete reminders on your smart watch connected with your smartphone.

Get reminders as push notifications

5. Check activities

1. If an activity has a checklist, its tasks can be checked.

2. Checkable activities can easily be confirmed when it is completed.

3. When the activity is checked, it is displayed clearly in the calendar, and no more reminders will sound.

Activities checked in MEMOplanner Go will also be checked on other devices

6. Start a timer

ABILIA

You can easily start a timer in MEMOplanner Go to get help to keep track on time.

Only when the app is used as a supplement to MEMOplanner generation 4

1. Tap the *Add* (+) button in the calendar view.

2. Select to start a *New timer* or *From Template*.

3. The timer starts as soon as it has been added.

4. The timer appears in the calendar in the same way as activities.

Start a new timer or from template

7. Add images

ABILIA

You can add your own images on your smartphone to My photos in MEMOplanner.

Only when the app is used as a supplement to MEMOplanner generation 4

1. Tap the *Menu* button.

2. Tap *My photos*.

3. Tap the *Add* (+) button to open image albums on your smartphone.
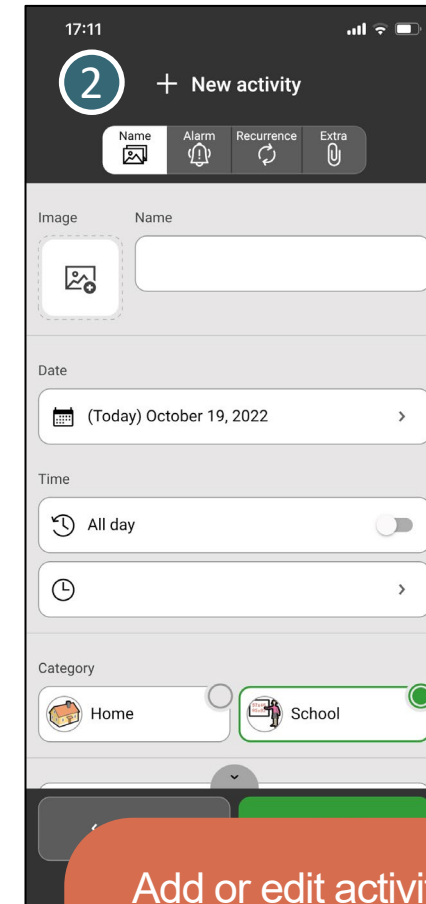

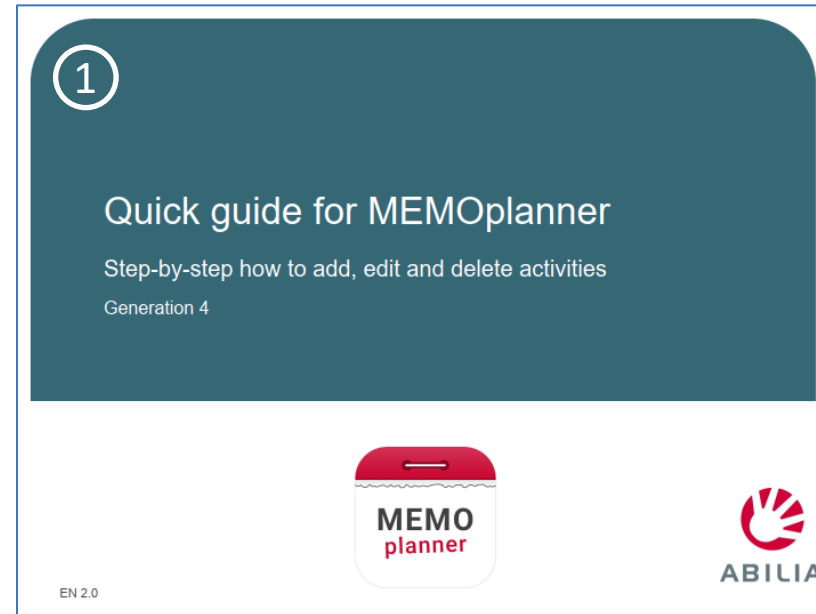

4. Select images to add to *My photos* in MEMOplanner.

Add your own images on the smartphone to the Image Archive

8. Reschedule the calendar

In MEMOplanner Go you can make changes to your calendar.

1 Read more in the *Quick Guide for MEMOplanner* how to manage your activities in the calendar in MEMOplanner Go.

2 When you add or change an activity via MEMOplanner Go, you will recognize the Edit view from MEMOplanner Medium and Large.
