

# Swopper® Assembly

Final assembly instructions for a chair on glides.

## 1 Unpack your chair.

Remove all parts from the box & remove all wrapping. Carefully place the base ring on the floor.

## 2 Attach spring strut.

Place the small end of the spring strut (B) into the hole in the center of the base foot ring (A).

## 3 Attach seat.

Place the seat (C) onto the gas spring (B).

## 4 Sit in your chair.

Carefully return your chair to an upright position. Sit down firmly in your chair several times to fully engage the assembled chair.

# Swopper® Assembly

continued

## Attaching Metal Glides.

For use on textile flooring such as carpet, use metal glides. Turn the Swopper upside down & remove the current glides carefully with pliers. Insert the metal glides into each glide spot, firmly pressing each into place.

## Attaching Felt Glides.

For use on hard flooring such as wood, use felt glides. Turn the Swopper upside down & remove the current glides carefully with pliers. Insert the felt glides into each glide spot, firmly pressing each into place.
