

Optima

Product Description

The **OPTIMA** is a desktop trackball using durable optical technology for precise control of the cursor.

With silky-smooth ball movement, large, stable footprint and low profile the **OPTIMA** does not require fine motor skills and is ideal for a wide spectrum of computer users.

Robustly constructed with no mechanical wearing parts the **OPTIMA** is maintenance free and will give years of untroubled service.

Features

- Robust construction and ergonomic design
- Durable optical technology with no mechanical wearing parts
- Precise tracking and cursor control
- Large free-running ball requiring only the lightest touch
- Silky-smooth ball movement
- Large footprint for stability
- Low profile providing a natural hand rest for comfortable operation
- Left/Right and Drag Lock buttons
- Colour coded buttons mounted sub-flush to prevent accidental activation
- Sockets to operate Left/Right click buttons from remote switches
- Auto detecting PS2 and USB protocols
- Easy 'plug and play' installation (no additional drivers required)
- PC and Mac compatible

Compatibility

OPTIMA works with PS2 and USB compatible computers including the majority of Personal Computers (PCs) and Apple Macintosh computers.

Installation

Ensure your computer is fully turned-off and not just in sleep mode. Locate the relevant PS2 or USB socket on your computer and plug-in your **OPTIMA** (if you are using the PS2 socket on your computer you will need the USB-PS2 adaptor supplied).

Switch on your computer and **OPTIMA** automatically configures itself to either PS2 or USB operation and is ready to use once you boot-up the computer. No driver files are required.

Maintenance

Your **OPTIMA** has no user serviceable parts. If repair is necessary the unit should be returned to Pretorian Technologies Ltd or an authorised distributor.

Warranty

Your **OPTIMA** is warranted for 24 months from the date of purchase against defects in manufacture, or component failure. The unit is designed for domestic, educational and commercial applications. Use outside these areas will invalidate the warranty.

Unauthorised repair or modification, mechanical abuse, immersion in any liquid or connection to any equipment other than a host computer will invalidate the warranty.
