

# MagniLink TAB

The MagniLink TAB is a complete and mobile tablet solution with high performance and user-friendly operation. Its space saving design makes it ideal for use in different locations – perfect for people on the go!

## MagniLink TAB 2

MagniLink TAB 2 is based on Microsoft Surface Pro 8, has an updated mounting plate and a USB-C connector for the external camera. The previous MagniLink TAB is still available for sale in models both with and without the included Microsoft Surface Pro.

## A complete solution

This tablet solution, based on a Microsoft Surface Pro, is a complete mobile solution. The unit is perfect for any smaller task, as well as for long term reading. Use it as a video magnifier with built in OCR or as a complete computer with access to everything – with endless possibilities!

Use the internal camera for reading or the high quality external camera for both distance and close-up viewing. This ensures optimized possibilities for reading, writing and object viewing.

## Connect and communicate

MagniLink TAB is easily connected to your network with WiFi, and you can use different accessories connected with Bluetooth. Internet and other standard applications are only a click away – with MagniLink TAB, you can easily communicate with the rest of the world!

## Flexibility

MagniLink TAB has a touch screen with low vision adapted buttons. The unit can also be controlled by gestures – or hotkeys, when connected to a Bluetooth keyboard. Features can be customized to meet the individual needs for each user.

## Listen to your text

The high performance software is included, and with the built-in OCR and Text-to-Speech, your text can be read aloud for the best possible experience. Several different viewing modes are available for increased reading speed, reading endurance and a more relaxed reading.

## Truly mobile

MagniLink TAB is foldable and lightweight with easy and quick startup. This is ideal for use in classrooms and workplaces and also on the go!

## Available in three configurations

All configurations include the stand, external camera and software with Text-to-Speech. What sets the configurations apart is the following:

- The first configuration (MLTAB and MLTAB-2) includes a Microsoft Surface Pro Tablet with i5 processor and 8 GB RAM.
- The second configuration (MLTAB-P and MLTAB-2-P) includes a Microsoft Surface Pro Tablet with i7 processor and 16 GB RAM.
- The third configuration (MLTAB-SCS and MLTAB-2-SCS) does not include any tablet but an activation license for a tablet. Each individual is able to purchase a suitable Microsoft Surface Pro that meets the specific product requirements.
