ASHLEY SLEEP 

NEW

Sleep your best in a perfect position and enjoy full relaxation of a head and foot massage with this king adjustable power base. Sleep comfort is taken to the ultimate level with adjustable head, neck and feet positions. With the touch of a button on the wireless hand control, position the mattress to eliminate pressure points for a comfortable sleep. Raise your legs to increase blood circulation and relieve pressure on your lower back. This unique adjustment gives you the ability to keep your head and neck in the most comfortable position. Neck adjustments keep your upper body positioned so your spine is aligned for just the right support. Need something more? Maximize comfort with a zoned massage feature found on the remote that provides an upper or lower body massage, or both at the same time. You'll also find programmable and pre-set positions for enjoying positions of comfort. Adjust Zero-G to lift your legs for better circulation. Plus, the motion-sensored under-bed lighting is especially useful. As you get out of bed, the floor will become softly illuminated. Two USB ports are available for connecting electronics—what a plus for convenience.
