

Badu[®]Jet Imperial

SwimJet System

Features

- Flush mounted, plastic housing with recessed jet nozzles, all controls are conveniently located on the face of the jet housing.
- Stainless steel corrosion-proof anti-entrapment cover provides undetectable suction.
- Stainless steel handles make it easier to adjust the settings while the unit is running.
- Water volume control knob adjusts force of water leaving jet nozzles.
- Air regulator controls amount of air bubbles in water flow.
- **NEW for 2020:** LED touch button turns low voltage light ON/OFF.
- **NEW for 2020:** SPECK Controller with GFCI and built-in WiFi. Available upgrade to 3AUX (3 additional relays installed).
- **NEW for 2020:** The BADU Connect App gives you a convenient way to manage your BADU SwimJet System & Pool equipment.
- Speck 4.0 HP self-priming plastic pump. UL Listed, single phase with thermal overload (no motor start required).
- The system comes with 5 ft. pulsating massage hose that can be attached to jet nozzle.
- System will include the nozzle adjustment tools to help set the jet nozzles in position for optimum performance
- Winter cover kit. (Optional - Not Shown)

Trademarks and Certifications

VGB 2008

Applications

- Perfect for in-ground & above-ground pools (Commercial & Residential)

Installation

The BaduJet is normally incorporated into the design, but it can be added to any pool at a later date. The BaduJet has no protruding parts ensuring pool users' safety. The BaduJet Imperial installs at minimal cost. All BaduJet systems includes LED touch button with 50' cable, SPECK Controller and Speck 4 HP pump. Minimum 4" plumbing is required. Pump and control box also available in 3 phase. Read all instructions before installing.

Consult your physician before attempting any strenuous exercise. This product may not be challenging or satisfying for all levels of exercise.
