

We're showcasing at the Jewellery Festival!

We're so happy to announce that we will be showcasing at the UK Jewellery Festival at the London Metropole Hotel on 5-6th September for the very first time!

We plan on bringing all of our jewellery...Silver, Gemstones, Charles Harvey, Little Dollie, everything! By September we will have so many new items to show you, and can't wait to hear what you think.

How many of you will be attending? Let us know and we will keep and eye out for you.

GEMSTONE OF THE MONTH

Strawberry Quartz is the newest addition to our gemstone collection, having introduced this into bracelets, earrings and bracelets. We love this stone as much as our customers!

Strawberry Quartz is a very rare variety of Quartz and was first discovered in 1970. It's named Strawberry as it has speckles of 'strawberry red and pink' giving it the classic strawberry look. It's said to be very beneficial for healing, love and compassion!

Customers receive a little card informing them of their gemstone, we think this is really important! We can't wait to find out what next month's gemstone of the month is!

New jewellery introduced!

The past few weeks we've introduced lots of new jewellery! We've introduced new stacks, all of which have been very popular, including the Celestial Stack, Family Love Stack and the best selling Strawberry Stack!

We've also introduced new earrings such as the Celestial Chain Earrings and Strawberry Quartz Hoops, the perfect match to some of our new stacks!

Reminder

This is just a quick reminder that we have a new address, just incase you need to return or exchange anything:
