## COMPANY DETAILS

Struts Australia is one of the largest strut suppliers in Australia and carries the widest range of gas struts, LED lights, accessories & trailer body hardware in our premises based in Laverton North, Victoria. The warehouse facilities including our retail outlet are designed to ensure our clients receive high quality products, with quick lead times whilst enjoying excellent customer service levels.

Struts Australia services the automotive, industrial, marine & medical industries. Additionally, we carry a massive range of Truck, bus & trailer hardware allowing us to offer our customer's high quality products at very competitive prices. We offer a friendly professional service and can provide assistance in application design and solutions. Furthermore, due to our large range of stock holdings we have the ability and flexibility to respond to customer demands that are made possible by having branches and distribution outlets throughout Australia.

Quality is paramount at Struts Australia and we carry with pride distributing one of the best performing gas struts in Australia. Our gas struts are manufactured under ISO/TS 16949 that has been developed by the industry, "the International Automotive Task Force" (IATF), to encourage improvement in both the supply chain and the certification process. In fact, for the majority of leading vehicle manufacturers, certification to this specification is a mandatory requirement for doing business.

Struts Australia promise to deliver high-quality products that achieve value-added status due to reliability and attention to detail. We look forward to building strong, long lasting partnerships with our clients and provide a comprehensive product range and support.

## CENTAFLEX HINGE

- \* Durable - tested 50,000 cycles
- \* Low exterior profile
- \* Weatherproof
- \* Excellent flex life
- \* Maintenance free

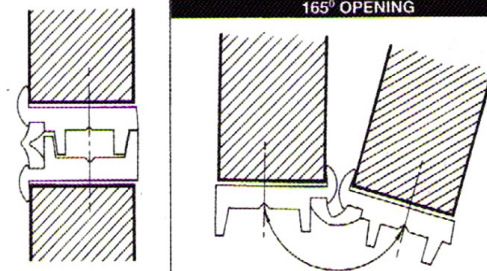

- \* Secure interlocking profile
- \* Concealed fixings
- \* Corrosion resistant
- \* Competitive pricing
- \* UV stable

*\*Please note: SWL of 100 kilos per 1 metre of horizontally fitted length*

Product Code	A	D	B	C	Length
2231/020	28	4	23	16	2 metre
2231/030	28	4	23	16	3 metre

### SELF-ADHESIVE, SIDE-MOULDING.

Now available for, this new self-adhesive, side moulding made from black P.V.C. extrusion has been specifically designed to continue the low hinge profile along the full length of the application, thus, enhancing the vehicles appearance.

### FITMENT & PRESSURE GUIDE

### FITMENT & PRESSURE GUIDE

Note:

All measurements are from centre of hinge to centre of fitting mount. Follow the four steps to ensure optimal fitting;

1. Open lid to desired angle.
2. Fit cylinder end of gas strut to lid as per fitment & pressure guide.
3. Whilst in open position swing shaft end of gas strut to centre of fixed mount and attach.
4. Ensure lid is able to open & close without restriction.

*\*If the above guide does not suit your application please contact your strut supplier.*
