

# Nouvel® CarbTop TGSi

The Nouvel® CarbTop offers a hard wearing Carborundum combined with the inherent strength characteristics of 316 stainless steel. These TGSIs achieve excellent grip making them the preferred choice in oily, wet, dry or dirty conditions. The silicon carbide based Carborundum is UV stabilised, high impact and chemical and corrosion resistant, and is suitable for both internal and external use.

The Nouvel® CarbTop TGSi is available in black or yellow offering flexibility for complying with the regulatory luminous contrast requirements.
