

Tadao® Carbtech Stair Nosing

The Tadao® Carbtech stair nosing builds on the aluminium Tadao® nosing form with the addition of a comprehensive range of coloured anti-slip Carbtech inserts. This combination offers high slip resistance and colour versatility in a robust 6063 T6 aluminium profile, and it is also available with a photo-luminescent insert. The Tadao® Carbtech stair nosing is best suited to internal applications, and provides an option for concealed screw fixing.
