

Ring Sizer Chart

How to use this guide:

1. Print out this page.
2. Please make sure to use a ruler to measure the box on the right to ensure the page is printed correctly to scale.
3. Opt for the options below that works best for you to determine your ring size.
4. Ring bands that are wider might feel tighter on your finger compared to rings of the same size but with narrower bands.
5. We suggest you opt for the larger size if you find yourself in between two sizes or if you are unsure about your size.
