

## **The International Diploma in Integrative Psychotherapy**

The International Diploma in Integrative Psychotherapy is a new 2-year UK-accredited course that will include clinical hypnotherapy, cognitive behavioural therapy (CBT), Rogerian client-centred counselling, foundations of NLP, breathwork and meridian therapies, including Emotional Freedom Techniques (EFT). The course will have multiple accreditations including the National and International Council for Psychotherapists and graduates will be eligible for membership of several reputable professional associations and registers for psychotherapy, counselling and hypnotherapy. The Calendar and Prospectus will be published in 2020. Contact the course leader to register your interest in the new course: [drleila@transforminst.com](mailto:drleila@transforminst.com)

The International Diploma in Clinical Hypnotherapy with Psychotherapy & Counselling Skills will no longer be offered after 2019.

There will be one final Advanced Diploma running in 2020. This course is open to those who are qualified hypnotherapists and the individual modules are available on a freestanding basis for continuing professional development (CPD) for those who have relevant experience/qualifications in psychological therapies, coaches, counsellors, etc. There will be a short intensive CBT Diploma course in March 2020. The remaining modules will be available as online training courses.
