

CERTIFIED SCRUMMASTER

Learn Scrum the right way

(2-days with exam - Mechelen or Ghent - partnership with Agilar)

The #1 training that helps you understand why Scrum works and how to implement it successfully in your organization.

Scrum might look simple, but doing it correctly is hard. In fact, most organizations fall short and obtain only a small percentage of the benefits that can be achieved. That's why it's so important to start your Scrum journey the right way: by taking a high quality **Scrum Alliance Certified ScrumMaster** training led by one of the top Scrum experts in the world.

In this two-day training you will learn how to get a Scrum project up and running. The training is highly interactive and you will leave with lots of practical hands-on experience, plus dozens of tips and tricks on what you need to do to succeed with Scrum in your organization. And if you are already doing (or trying to do) Scrum, this training will help you understand what your team is doing well and what you need to improve to take it to the next level.

Feedback from participants included:

- » 'very pragmatic', 'complete' and 'close to day-to-day work'
- » 'interactive', 'efficient', 'refreshing training approach'
- » 'fun', 'cozy', 'good ambiance' and 'great venue'

In this course you will learn:

- » The underlying principles and values of Lean Thinking and Agile that make Scrum work.
- » How to get a Scrum project started, from product vision to Product Backlog.
- » The Scrum roles and responsibilities and how to map them to your existing organization.
- » The Scrum meetings and ceremonies and how to facilitate them so they go well.
- » Agile Estimating and Planning: how to plan and keep track of progress in your Scrum project.
- » Visual Management: how to empower self-organizing teams while creating transparency and trust.
- » Technical practices: what you need to know about developing software in an Agile way, and why it matters.
- » Advanced topics: how to scale Scrum, do Scrum with offshore, and extend Scrum beyond your team.
- » Beyond the CSM: how to continue your education and experience after this initial training.

The course also foresees open space for discussing your real-life situations and helping you out.

What's included

- » Breakfast, lunch, and coffee breaks.
- » All courseware materials in electronic format.
- » A deck of Planning Poker cards
- » PMI members can claim 15 PDU's
