EUR

INCL. EXAM

**Participants completing this course will be able to:**

- » Know the basic principles of the **PRINCE2 project management** method
- » Take the **PRINCE2® Foundation** Exam

**Course topics:**

- » **Class-time:** during the 2-day class you will get to know the method and apply it on some cases:
  - » Principles of project-oriented work
  - » **PRINCE2:** background, principles and set-up
  - » **PRINCE2:** elaboration of the processes, themes and techniques
  - » **PRINCE2:** practice with examples
- » **E-learning:** Participants will get access to a unique e-learning environment that covers all relevant **PRINCE2** topics. Users of the e-learning tool can determine themselves the level of depth of the study based on their personal learning objectives. The topics covered in the e-learning tool go beyond what is required to pass the **PRINCE2® Foundation** Exam.
- » **Exam - ½ day, optional:** Based upon experience we propose to hold the **PRINCE2® Foundation** Exam at least one week after the training completion. This provides participants sufficient time to memorise the course content.

**Course participants will receive:**

- » A syllabus with the presentation material accredited by APMG
- » The book: "**PRINCE2® Compact**"
- » Access to the e-learning environment

**The target audience for this course consists of:**

- » People that want to learn the basics of the **PRINCE2 method**
- » People that want to learn the basics of project management
- » People that want to obtain the **PRINCE2® Foundation Certificate**
