

BetterRide

For Your Best Ride!

FOCUSED · RELAXED · COMFORTABLE

BetterRide is a performance supplement with a calming agent and focus without losing the feel and footspeed of your performance horse. It is made with show safe ingredients.

New concentrated formula means smaller serving sizes that are easier to administer with the same great results.

The BetterRide Advantage:

- Fast acting for acute relief, yet gentle enough for daily use
- Encapsulation of pH buffer allows for safe increased absorption where it's needed the most
- Formulated to help alleviate anxiety
- Supports gastric health and hindgut discomfort, helps to soothe a nervous stomach
- May enhance horse responsiveness to rider cues
- Relief provided allows horse to be soft and pliable in the belly and back, allowing for optimal performance
- Supports enhanced muscle function and athleticism
- Calming effect may help alleviate separation anxiety
- Does Not Contain Any Prohibited Substances

Offered in a 30 ml syringe.

FOR HORSES

BetterRide Xtra Focus & Calming Gel Supplement for Horses

BetterRide Focus and Calming Gel Supplement is now available in a smaller **1 oz. syringe** for **easier administration**. Easier to hold, easier to push the gel out into your horse's mouth! Stickier gel is much harder for your horse to spit out, ensuring he gets the full benefits of every tube! Designed for horses of all sizes, ages, and activity levels.

Our all natural calming and Focus Supplement is formulated to help horses remain calm and focused, offering added responsiveness to rider cues while encouraging natural movement and better athletic performance.

Encapsulated sodium bicarbonate buffers pH in the hindgut, working to immediately soothe esophageal, gastric, duodenal, and cecal irritation caused by decreased gut pH caused by diet and stressful situations.

Bioavailable magnesium in the form of magnesium glycinate supports nervous system and musculoskeletal health, while Taurine and L-Tyrosine support alertness. L-Theanine and Tryptophan may help the horse feel calm, further alleviate stress, reduce anxiety and relax tight muscles.

The BetterRide Advantage:

- Fast acting for acute relief, yet gentle enough for daily use
- Encapsulation of pH buffer allows for safe increased absorption where it's needed the most
- Formulated to help alleviate anxiety
- Supports gastric health and hindgut discomfort, helps to soothe a nervous stomach
