

THE ULTIMATE ULCER &
HINDGUT SUPPORT

*Go with
your Gut!*

GASTRIC AID · IMPROVED PERFORMANCE · IMMUNE SUPPORT

GutHealth® Xtra Strength is an all-natural digestive supplement formulated for horses that exhibit anxiety, weight loss, and behavioral issues from discomfort and digestive stress during competition. Used daily, **GutHealth® Xtra Strength** will help control ulcers and ulcer issues, improve appetite and buffer hindgut pH in horses.

New concentrated formula means smaller serving sizes that are easier to administer with the same great results.

The GutHealth® Xtra Strength Digestive Supplement Advantage:

- Helps to soothe acute gastric issues and hindgut discomfort
- Encapsulation of active ingredients allows for safe increased absorption where it's needed the most
- Provides relief which can improve attitude and willingness to perform
- Nourishes for a healthy coat
- Supports healthy hoof growth
- Aids in weight gain or weight maintenance
- May alleviate negative behaviors attributed to discomfort
- May be used daily for ongoing hindgut pH maintenance and prevention
- Does Not Contain Any Prohibited Substances

Offered in a liquid, pellet and gel.

FOR HORSES

GutHealth® Xtra Strength Hindgut Stabilizer LIQUID Supplement

GutHealth® Gastric and Digestive Xtra Strength **Liquid** is a **hindgut stabilizer** gastric aid and digestive supplement available in **One (1) quart** or **Two (2) liter container** for horses of all sizes, ages, and activity levels.

Our all-natural digestive supplement is formulated for horses that exhibit anxiety, weight loss, and behavioral issues from discomfort and digestive stress during competition.

GutHealth® Gastric and Digestive Xtra Strength provides an effective amount of pH-elevating encapsulated sodium bicarbonate combined with other active ingredients to immediately soothe esophageal, gastric, duodenal, and cecal irritation caused by decreased gut pH due to diet and stress.

Used daily, **GutHealth®** Gastric and Digestive Xtra Strength will help prevent bloat as well as help control ulcers and ulcer issues, improve appetite and buffer hindgut pH in horses.

The GutHealth® Xtra Strength Digestive Supplement Advantage:

- Helps to soothe acute gastric issues and hindgut discomfort
- Encapsulation of active ingredients allows for safe increased absorption where it's needed the most
- Provides relief which can improve attitude and willingness to perform
- Nourishes for a healthy coat
- Supports healthy hoof growth
- Aids in weight gain or weight maintenance
- May alleviate negative behaviors attributed to discomfort
- May be used daily for ongoing hindgut pH maintenance and prevention
- Does Not Contain Any Prohibited Substances
