

Helping all of
their dreams
come true,
one dry night
at a time.

#PARENT *fearlessly*

**FINALLY, ECO-FRIENDLY
NIGHT PANTS WITH
SUPERNATURAL PERFORMANCE.**

Free of harmful chemicals, perfumes and
all known allergens means comfort, happiness
and serenity. Oh, for your baby too.

BAMBO[®]
Nature

DIAPERS • WIPES • SKIN CARE

BamboNatureUSA.com

Because you care

Top Dry Acquisition Layer

Our super absorbent, three-layer design pulls moisture away from the skin, thus ensuring dryness and reducing the likelihood of a rash, even after multiple wettings.

Ultra Flexible Side Panels

Our refastenable hook tabs allow for easy repositioning, while our flexible side panels ensure a snug yet comfortable fit. Perfect for all day and all night protection.

Ultra Absorbent Channels

The design of the night pants allows for maximum absorbency without adding any unnecessary "bulk" to the product.

Ultra Soft Materials

Baby's skin is fragile and vulnerable. We source the softest materials for comfort and protection.

Discreet Design

These night pants look and feel like "real" underwear, with subtle patterns to make them as discreet as possible.

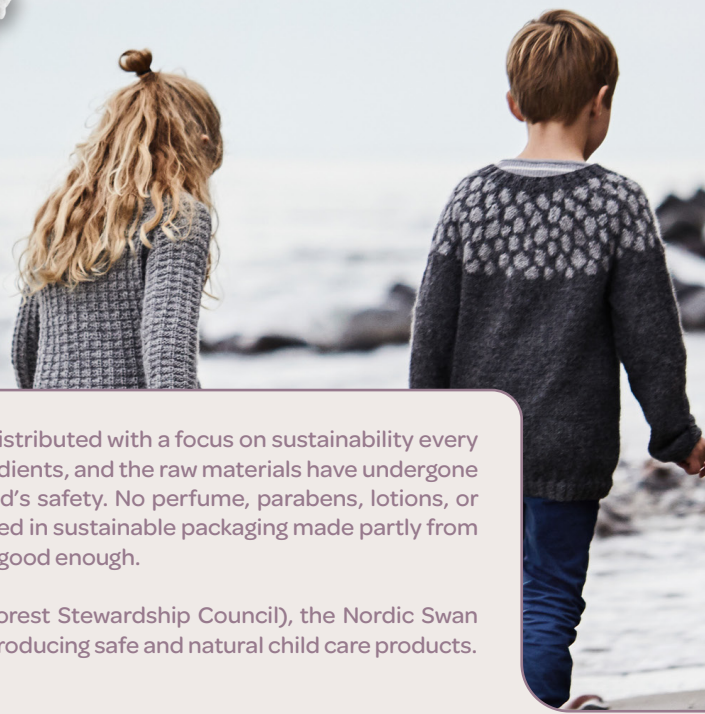

Leakage Barrier

Our night pants are designed to feature strategically placed barriers to reduce the chance of leaks or blowouts.

Fully Breathable Backsheet

Our fully breathable backsheet promotes a cooler, more comfortable experience and helps keep fragile skin dry, thus reducing the likelihood of rashes and irritation.

Bambo Dreamy Night Pants are designed, produced, packaged and distributed with a focus on sustainability every step of the way. The products are made from the highest quality ingredients, and the raw materials have undergone the strictest certification processes available to guarantee your child's safety. No perfume, parabens, lotions, or other unsafe preservatives have been added, and the pants are packed in sustainable packaging made partly from sugar cane - because only the best is good enough.

The products hold a variety of certifications, including; the FSC™(Forest Stewardship Council), the Nordic Swan Ecolabel and Asthma Allergy Denmark, proof of our commitment to producing safe and natural child care products.

FSC™ (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC™-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC-certified products, you help take care of forests and the people and wildlife that call them home. www.fsc.org
Abena A/S is certified according to the FSC™ (Forest Stewardship Council) standards and Abena North America, Inc. is a distributor of FSC™-certified Abena products. See more on www.abena.com.
