

## Wi-Fi V24

Communication Module

### Easy and Friendly

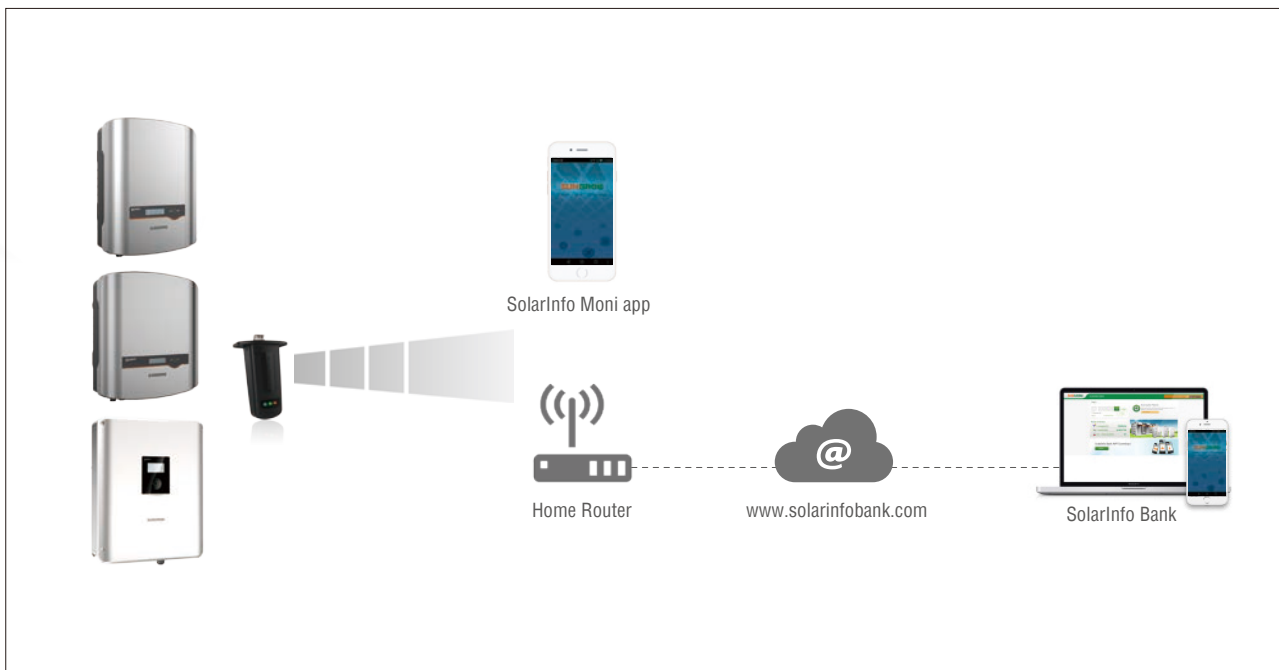

- Plug and play design for easy installation and operation
- User friendly with the LED indicators to identify running status
- Easy maintenance with the local and remote firmware update function

### Smart and Convenient

- Smart wireless communications compatible with Sungrow PV inverters and hybrid inverters
- Local visit or remote monitoring via [www.solarinfobank.com](http://www.solarinfobank.com) or the App
- High sensitivity, stronger signal strength to access to the home router

## Technical Data

### Communication

Communication method	Wi-Fi (2.4 GHz)
Max. communication range	Up to 120 m

### Power Supply

Power supply	By the inverter
--------------	-----------------

### Environmental Condition

Ambient temperature	-25°C to 60°C
Ingress protection rating	IP65

### Mechanical Data

Dimensions (W x H x D)	60 mm x 35 mm x 93 mm
Weight	40 g
Installation	Plug and play
