How to update Colour Scan 2.0 with NCS 2050 COLLECTION

DOWNLOAD CAPSURE SYNC FOR COLOUR SCAN 2.0:

For PC: Capsure Sync for PC
For MAC: Capsure Sync for MAC

After installation of program is complete:

- 1. Open Capsure Sync on your computer.
- 2. Connect your Colour Scan device to the computer with the USB cable.
- 3. When Capsure Sync starts and asks for confirmation of synchronization, click proceed.
- 4. Mark Synchronize chosen colour charts box then select NCS 2050 COLLECTION (only)
- 5. Press Synchronize
- 6. Confirm that NCS 1950 COLLECTION will be replaced by NCS 2050 COLLECTION
- 7. Click OK on Capsure Sync program on computer when synchronization is complete.
