# CONCEPTS & NEW PRODUCTS

# iLUME **NEW!**

SKU: 2791-6ILT

A new class of heat lamp with a modern design and superior infrared heat technology for better presentation and performance over traditional heat lamps.

- Dual articulating joints for multi-positioning, 170° swivel
- 12" Carbon fiber medium-wave IR heating element
- 2 LED illuminate food at 4000k color temperature
- Energy efficient, only 300 watts provides warming at 60% energy consumption
- Double the coverage of a single heat lamp, comparable to a double heat lamp
- Daisy-chain feature can connect 5 iLumes to a single 120V, 15-amp outlet (US only)
- 300W, 110V - 120V, Phase 1, 60Hz power rating
- Lightweight, less than 20 lbs

**Watch the video!**

## RADIANCE ALL GLASS INDUCTION CHAFER **NEW!**

Create a stunning buffet display with the Radiance All Glass Induction Chafer that beautifully displays menu items with one of the largest glass viewing areas on an induction buffet chafer and premium stainless steel in polished or titanium finish.

- 18/8 high-quality stainless steel in mirror-polished or titanium finish
- Includes standard insert, additional inserts available
- Industry's only waterfall condensation return system
- All angle axle holds open at virtually any angle
- Limited Lifetime Warranty

**Watch the video!**

# LoPRO™

The LoPRO™ induction range is the next class of innovative induction cooking & holding from the leaders in induction. Based on the needs of modern-day chefs and foodservice professionals, this new line of slimline induction ranges beautifully blends form and function.

- Sleek, low-profile housing less than 2.4" high
- 5mm thick, easy to clean, tempered glass top
- Exclusive SmartScan® technology and Automatic Pan Recovery
- LED touch controls & temp lock button

## SPRINGVOLT

The SpringVolt is portable battery that allows operators to offer foodservice wherever a wall outlet is not available or within reach. SpringVolt powers any configuration of Spring USA equipment totalling 1024W.

Two SpringVolt Batteries can power a buffet system with 5 unlimited induction ranges daisy-chained together for 2 hours.

- Environmentally-friendly, LiFePo4 battery
- Powers Spring USA equipment 1000 W or less
- Made without nickel or cobalt, safer and more ethically sourced materials
- Better capacity over lithium-ion batteries
- Fast-charging within 2 hours
- Built-in power adapter with AC power cord
- Aluminum body and quiet operation perfect for low volume settings
- Deep-cycling, self-diagnostic testing checks for shortages or overloads at every start-up or power-down
- Safety features include current leakage, output overload, overheating, and low power warning
- FCC, RoHS, and UN38.3 Certified for air transport

### SpringVolt Portable Battery

### PAIR WITH....

## BOH SERIES

### FLAMELESS INDUCTION CABINETS & CARTS

Optimize your back-of-house operations with the power of induction - our BOH Series induction flameless cooking carts, cabinets, and cooktops offer cleaner, more efficient & safer cooking, prepping, and warming than traditional gas or electric cooking solutions.

- 94% efficient in delivering energy - as compared to traditional gas (35%) and electric cooking units (50%)
- Offers less emitted heat, reduced fuel usage, and greater savings for back-of-house operations
- Premium stainless steel with fully sealed welds to reduce harboring of food particles and bacteria
- Independently operated zones with drop-in induction ranges allows for ranges to easily be removed, repaired, or replaced
- Powered by Spring USA MAX Induction from 1800W - 3500W
- Built to industry-standard sizes so you can easily slide in to replace traditional stoves and ranges

4 or 6-Zone BOH Induction Carts

4 or 6-Zone BOH Induction Cabinets

## FIRE SUPPRESSION

### MAX INDUCTION COOKING STATIONS

The perfect way to add high-power cooking to your foodservice operation without additional hoods or duct work.

- Buckeye UL300 Fire Suppression System- NFPA-compliant to meet National Fire Protection Association criteria
- MAX Induction range offers more energy-efficient and precise heating
- Premium induction performance with less than 1% failure rate
- 4-stage, self-contained air filtration system captures emissions exceeding NFPA-96 and ANSI/UL710B requirements
- MAX induction system allows easy & quick replacement of ranges backed by standard overnight warranty
- Versa-Gard™ premium food shields
- Commercial-grade stainless steel construction
- Locking & swiveling casters, 800 lb. rating
