FINE BONE CHINA

**Solar**  
FINE BONE CHINA

Bone China is unquestionably the strongest and whitest ceramic body produced. Natural additives result in a durability that allows for a thinner and lighter product with a whiteness that will enhance the colours of any food. The exceptional heat retention of Bone China is an innate characteristic; you can be confident that food will still be steaming hot!

William is an elegant plain white wide rim.

Solar is a contemporary embossed wide rim.

Our embossed collection. Solar offers a stylish and contemporary twist on classic Fine Bone shapes, providing the perfect serve-ware option with added texture.

*Continental*  
MADE IN SOUTH AFRICA

Continental's superior ware is manufactured to the highest standards of quality, durability, and style. The super vitrified body, pin fired, reinforced rolled edge, and stackability are only some of the features that ensure strength and durability.

Continental is proudly South African and driven by their in-depth knowledge of the demands on the Professional Food Service Industry.

Continental China stands by the quality of their product offering a \*Lifetime Edge Chip Warranty, and a vast number of styles and colors to select from.

Supplementing our Continental range, product that is now available in an even brighter white body is identified with a 'G'.

**F91061**  
 15.6 cm/ 6.1" - 20 oz  
 Qty: 12

Stainless steel inner linings and rivets complete our beautiful Copper pieces, which are suitable for all heat sources except for induction, though best for presentation. Because the copper will naturally oxidize over time, hand washing is recommended to maintain an optimum finish.

## STAINLESS STEEL PRESENTATION

## Tableware Solutions

ESTABLISHED 2000

Ceramic products do not weaken with age. Our entire Tableware Solutions Collection is designed for the Food service Environment. Tableware's Sales Executives are strategically positioned to work with our customer base and educate them maximizing how to best handle our wares **FOR LIFE**

### PURE WHITE / ANTON BLACK / BONE CHINA

As we reinforce the edges of our flat round plates in these casually priced collections, we can assure your investment **FOR LIFE** and support it with an Edge Chipping Warranty.

### CONTINENTAL

Is the strongest ceramic body that we promote. Reinforcing the value of this collection allows us to warranty the entire collection against edge chipping **FOR LIFE**.

### PORVASAL

More refined in its presentation via the Spanish design, we are able to not only offer a **FOR LIFE** warranty on the flat round plates, but also promote that the product will not scratch prematurely nor incur metal markings for the first 3 years of your purchase.

Terms and Conditions apply.  
Contact your Tableware Solutions Representative for details.

# Ordering Suggestions for China

To determine the quantity of each item, multiply the number of seats times the factor shown for each item. Then, order the closest dozen/case pack quantity. Please note that the chart here is not exhaustive, but merely intended to give you a good starting point. Accessory pieces should be considered separately and are dependent upon the menu and the style of your establishment.

ITEM	SUGGESTED USE	F	FD	B/C	C	I
Plate (6.5"/ 17 cm)	Bread & Butter, Cheese, or Side Plate	1.5	2	6	2	2
Plate (7.5"/ 19 cm)	Sandwiches, Salad, Desserts, or Cheese	1.5	2		2	
Plate (8.25"/ 21 cm)	Lunch, Starter, Tray Dinner Plate, Pastries	1.5	2		2	
Plate (9"/ 23 cm)	Dinner, Breakfast, Lunch	1.5	2	2	1.5	
Plate (10.25"/ 26cm)	Entrées, Steaks, Fish	2	3	2	2	2
Plate (11"/ 28 cm)	Entrées, Steaks, Fish	1	2		1	
Plate (12.25"/ 31 cm)	Entrées, Steaks, Fish	1	2		1	
Oval Plate (11"/ 28 cm – 15.75"/ 40 cm)	Steaks, Fish, Soup & Sandwich, Lobster, Surf & Turf, Roast Dinner	1	1.5	0.5	1	
Oval Plate (8.25"/ 21cm – 9.5"/ 24 cm)	Side Baked Potato or Asparagus, Sandwiches, Cold Seafood, Salad	1	1.5		1	
Bowl (5"/ 13 cm – 9"/ 23 cm)	Soup, Cereal, Fruit, Small Salad, Desserts, Small Vegetable Dish	1.5	1.5	2	1.5	2
Bowl (10"/ 25 cm – 12"/ 30 cm)	Pasta, Chili, Stews, Entrée Salad	2	3	1.5	1.5	1
Coffee/ Tea Cup	Coffee, Tea, Hot Chocolate	3	3	3	2	2
Coffee/ Tea Saucer	Saucer for Cups	3	3	3	2	2

# Ordering Suggestions for Glass

To determine the quantity of each item, multiply the number of seats times the factor shown for each item.

Then, order the closest dozen/case pack quantity. Please note that this chart is derived from standard establishment requirements and is representative of the minimum assortment that would be required. This guide should be tailored to meet your individual establishment's needs and the needs of your clientele.

As with ceramics, accessory pieces such as decanters or jugs should be considered to compliment the standard settings based on your establishment and service style.

DESCRIPTION	CAPACITY	CASUAL	FINE
Shot Glass	1 – 1.25 oz	2	0.75
Rocks Glass	8 – 9 oz	1	2
Double Rocks Glass	12 oz	1	2
High Ball Glass	10 – 12 oz	1	2
Tall Mixer Glass	10 – 16 oz	1.5	2
Brandy Glass		0.25	0.4
Martini/ Cocktail Glass	7 – 10 oz	0.75	1

# Ordering Suggestions for Cutlery

To determine the quantity of each item, multiply the number of seats times the factor shown for each item.

Then, order the closest dozen/case pack quantity. Please note that the chart here is based on standard restaurant place settings. Your specific needs may vary according to individual restaurant operation.

As with ceramics, accessory piece should be considered to compliment the standard settings based on your establishment and your menu.

DESCRIPTION	CASUAL	BANQUET	FINE
Shot Glass	3	3	3
Rocks Glass	3	3	3
Double Rocks Glass	2.5	2.5	2
High Ball Glass	2.5	2.5	2
Tall Mixer Glass	2	2	2
Brandy Glass	2	2	2
Martini/ Cocktail Glass	5	3	3

# Care of China

Correct care and handling of your new china will enhance the appearance and the longevity for the life of the product. The following will help to guide you to receive the maximum value from your china:

- Do not scrape leftovers from china with metal utensils (this can cause metal marking). Wipe with a paper towel or plastic/rubber scraper.
- Wash articles as soon as possible after use.
- Never use abrasive cleaners or pot scourers, as this can damage the glaze and/or surface decorations of the plate.

## Dishwashing

Our products are designed for use in the food service and hospitality industry's high-powered, industrial dishwashers where there is an emphasis on short operating cycles for maximum efficiency. For the best results:

- Use the dishwasher manufacturer's recommended dishwashing procedures and strictly follow the correct dosing guidelines for approved detergents as instructed.
- Replace or repair any areas of racks or baskets where plastic coatings are worn or cracked. Continued use could cause metal marking on your china.
- Stack china separately from other articles (i.e. cutlery, pots/pans, glassware).
- Rack china correctly to ensure that articles are not vibrating against each other during the wash cycle.
- Overdosing detergent and excessively high dishwashing temperatures can result in premature deterioration of the glazed finish and/or any surface decoration that may be present.

## Microwave Oven

Our china is safe for use in microwave ovens under normal conditions. Please be aware that any china with surface decorations that may include metal is not suitable for microwave use.

## Metal Marking

Metal Marking occurs when china articles come into contact with metal surfaces or utensils. It is possible that subsequent metal traces can be left on the china (due to the glaze being harder than certain types of steel/stainless steel). Metal marks, though unsightly, are most often easily removed with the use of a non-abrasive household cleaner. To limit metal marking:

- Use rubber/plastic mats wherever possible on large stainless-steel surfaces (often found in commercial kitchens). This includes stacking areas, trolleys, and sinks. If metal dish racks are used for washing, ensure that plastic coatings are not cracked/broken.
- Ensure that knives intended for genuine cutting used by patrons are sharp, therefore requiring minimal force when cutting food.
- Use cutlery with higher grade stainless steel (i.e. 18/10), as lower grade steel cutlery is softer and can leave more trace amounts of metal on the glazed surface.

# Care of Glass

Correct handling of glassware will enhance the appearance and longevity of the product in use. Care should be taken to ensure that each glass is in perfect condition and scrupulously clean.

## To avoid unnecessary breakage

- Never put cutlery into glasses.
- Never pick up glasses in clusters.
- Avoid contact with beer taps.
- Do not put cold liquids into hot/warm glasses (from the dishwasher) as it can cause cracks.
- Do not stack glasses that were not designed to stack.
- Pre-heat glasses for hot drinks by running them under a hot tap.

## Dishwashing

- Clean all new glasses before use.
- Always use non-caustic detergent, as caustic detergents effect heat retention, etch the glass, and give the glass a shadowy tinge.
- Do not overheat water, as overheated water can bake debris onto glass.
- Do not wash coffee cups in a glass washing machine, as coffee dregs can taint the water and stain the glasses. This also applies to drinks that contain cream.
- Discard cracked or chipped glasses immediately.

# Care of Cutlery

Stainless Steel is not mark proof, but only significantly more resistant to staining/markings than other metals. Frequent/prolonged contact with certain substances can start the staining/pitting process. Common corrosive substances that can damage cutlery are: salt, acids (i.e. vinegar, lemon juice), mineral salts (in tap water), bleach, harsh detergents, fats, meat juices. Direct heat can mark metal.

## Follow these recommendations to sustain your cutlery longer:

- Wash cutlery in hot, soapy water or dishwasher as soon as possible after use.
- Never leave dirty cutlery to soak, or leave clean cutlery damp.
- Use dishwasher manufacturer's recommended procedures. Strictly follow correct dosing guidelines for approved detergents (and salt).
- Remove cutlery as soon as the wash/dry cycle is finished and wipe with a clean towel. Trace minerals/salts can remain on cutlery if left in the dishwasher.
- Never wash stainless steel cutlery with silver plated cutlery, as a chemical reaction between detergent and steel can leave marks on silver plate.
