

# LAZY SUSAN CORNER CABINET ASSEMBLY INSTRUCTIONS

## TOOLS NEEDED

1. Screwdriver
2. Wood Glue for Furniture (optional)
3. Rubber hammer (optional)
4. Power Drill (optional)
5. Bar clamp (optional)

## STEP 1: BOX ASSEMBLY

1. Connect two face frame parts with screws as shown in the pictures below.

2. Install cam lock metal clips on both parts of the frame as shown in pictures below.

3. Attach metal brackets to both side panels. (Brackets should be added to side opposite from the side where predrilled holes for cam locks are)  
Please see the pictures below.

4. Attach side panels to the frame as shown in pictures below and insert cam locks to predrilled holes. (When panels are connected tightly with the face frame lock the cam locks by turning them clockwise)

5. Attach back panels to the side panels with L brackets.  
See pictures below

6. Insert bottom panel and shelf with trays and attach them with screws as shown in the pictures below.

7. Slide in the small back piece and attach it with screws  
Pictures below

8. Attach the top corner support as shown in the pictures below

9. Attach toe kick plates with brackets and screws  
Pictures below

10. Attach bottom corner supports as shown in the pictures below.

11. Turn the cabinet back on its “feet” and tighten the face frame with remaining holes and screws.  
Pictures below

## STEP 2: ATTACH THE DOORS

1. Attach the hinges to the doors. Attach the metal magnetic holder part to the door. (Pictures below)

2. Attach the doors with hinges to the cabinet as shown in the pictures below.  
To attach the hinges to the cabinets use pre drilled holes on the side panel.  
The second part of the magnetic holder needs to be attached to the face frame.

CONGRATULATIONS!

YOU JUST ASSEMBLED THE BASE LAZY SUSAN CORNER  
CABINET
