

SR100 Label Slitter/Rewinder

Slit and rewind labels in house for easy application

The SR100 Label Slitter-Rewinder longitudinally slits full-width, pre-cut label stock, enabling you to use your label printer's full width and maximize its output. In-house printing, slitting, and application also enables marketing flexibility, and encourages return on investment.

The SR100 is ideal for applications requiring small labels, such as lip balm, health and beauty products, and e-liquids.

Key Features

- ✓ Slit labels at up to 197 feet/minute
- ✓ Allows for easy label design modifications
- ✓ Utilize your printer's full width and maximize output

Unwinder

For media as wide as 8.86",
with a minimum slit width of 0.86"

Rewinder

Labels are carefully rewound
to prepare for application

Slitting knives

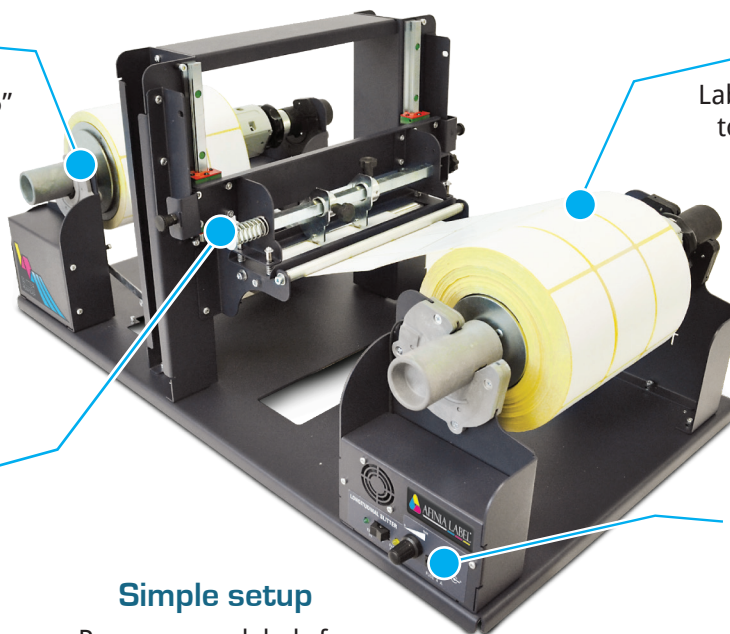

Easily adjust knives
to your preferred label width

Simple setup

Prepare your labels for
slitting in seconds

Adjustable speed

Modify slitting speed
to fit your needs
