LX2000
COLOR LABEL PRINTER

NEW!

LX2000 is Primera's newest and fastest pigment inkjet label printer. LX2000 represents an entirely new product class in desktop label printing. Large, separate ink cartridges for cyan, magenta, yellow and black keep cost per label low, while print speeds of six inches per second produce your labels quickly.

PRIMERA
TECHNOLOGY, INC.

UV and Water Resistant Labels

The combination of pigment-based inks and various synthetic materials make LX2000 labels highly water and UV resistant. This durability supports applications such as bath and shower products, frozen or refrigerated foods, beverages, and much more! With LX2000, you'll be printing durable labels fast and efficiently, all while saving time and money.

KEY FEATURES OF LX2000:

» Prints full color at up to 6" per second

» Individual CMYK pigment ink cartridges

» Large ink cartridges keep label costs low

» Wired Ethernet, USB 2.0 or wireless connectivity

» Print width of 0.75" to 8.25" (19 mm to 210 mm)
