

USER MANUAL

Motorized core holder XL
- Label unwinder -

THIS PRODUCT IS CERTIFIED:

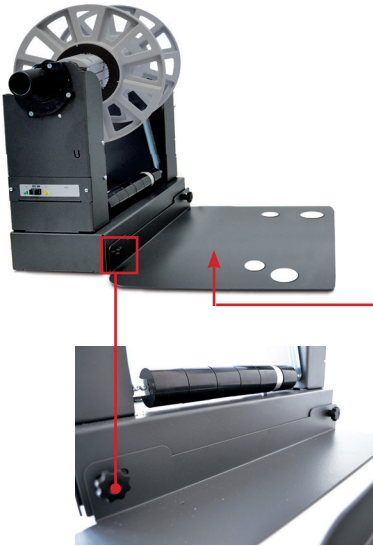

The roll to roll system can handle media up to 240mm (9.45") wide and rolls with outside diameter up to 250mm (10") having a 76mm (3") cardboard core. All devices are equipped with an external auto switching 100/240VAC - 2,5A at 24V  power supply and an electronic circuit controls all functions.

INSTALLATION

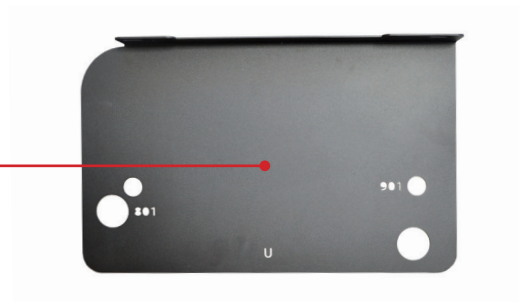

STEP 1

Using the screws, install the outer disc on the unloader core holder.

STEP 2

Attach the printer plate to the unloader. Do not fasten the knobs for the moment.

STEP 3

Place the printer on the plate using the guide rails.

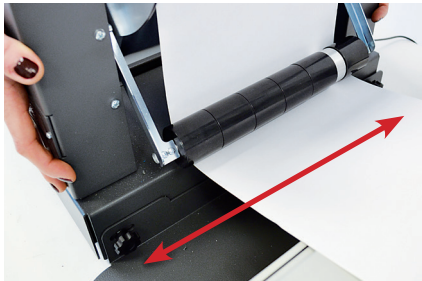

STEP 4

Load the media roll and outside disk then tight the knob.

STEP 5

Push the media under the tension arm and then feed it into the printer (look at the printer's manual how to load media).

STEP 6

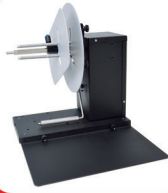

Make sure to align the unwinder with the printer and turn it on.

The system is ready to work.
