

CWC SERIES

PRESSURE WASHERS / SINCE 1970

FEATURES

4 - 5 GPM @ 2000 to 3000 PSI
230V, 1PH; 230V, 460V or 575V, 3PH

COLD WATER

ELECTRIC

BELT DRIVE

Ideal for the food industry since hot water can be used. Remote ready for operation in wash bays.

Large frame Hotsy belt-drive pump features NESTechnology with U-Seals for 3 times longer pump life. The pump also has an oil drain, allowing for easy oil changes.

Vertical tensioned belt provides extended life and reduced maintenance costs by eliminating multiple belts that stretch at different rates.

50-ft. high-pressure hose for easy maneuverability around a large working area

Insulated Hotsy trigger gun and insulated wand with ergonomic, side handle

Float tank (with upgraded Hudson valve, standard) helps maintain constant water pressure and flow while helping to prevent sediment from entering the machine's components

Locking lid prevents accidental removal of both panels around the belt and pulley

Adjustable upstream detergent injection ensures high-pressure sudsing for better cleaning

Sleek side and front removeable panels provide easy access to the entire washer for service and maintenance

Hotsy-designed Triplex pumps carry a 7-year limited warranty

Programmable Smart Control Automation provides complete control over the machine's run time, auto start/stop and time delay shutdown functionality.

OPTIONS FOR COLD WATER CABINET

R-Con Wireless Remote Kit (Image 1)

Remote Station (Image 2)

Soap Solenoid and Switch

DETERGENTS

To clean like a pro, you need to include detergents. Hotsy offers a full line of detergents for cleaning grease, dirt, road grime, aluminum, sanitation and so much more. Our detergents help you clean faster and save money.

PARTS & ACCESSORIES

Clean faster and more efficiently with pressure washer accessories like flat surface cleaners and turbo nozzles.

SERVICE

Hotsy factory-trained technicians keep your equipment running with on-site or in shop maintenance and tune-ups. Plus, we repair all brands.

NOTE: We are constantly improving and updating our products. Consequently, pictures, features & specifications in this brochure may differ slightly from current models. Flow rates & pressure ratings may vary due to variances allowed by manufacturers of our machine components. We meet the CETA testing specs for machine performance at +_10% and in some cases are tighter within +_ 5% of listed specifications.

Specifications & product descriptions subject to change without notice. Hotsy's manufacturing facilities have established and apply a quality and environmental management system to be ISO 9001:2008 and ISO 14001:2001 certified.
