

FISHBONE
MARGARET RIVER

BLACK LABEL TEMPRANILLO

2021 MARGARET RIVER WA

Fishbone is a boutique family run and owned vineyard purchased by the Sorgiovanni family in 1999. Located in the world-renowned Margaret River wine region in Wilyabrup, the property features gentle sloping topography bounded by the Wilyabrup Brook in the centre of Margaret River's 'golden triangle'. The 165-acre property, which was originally a dairy farm, includes some traditional varieties such as Cabernet and Chardonnay, and some lesser known alternatives such as Tempranillo, Malbec, Vermentino and Pinot Noir.

Tasting Notes

Cherry red with fine purple rim, this dry, medium bodied wine combines soft, fluffy tannins with medium intensity of dark cherry and slight tobacco complexity. Tempranillo is often known for its medium bodied, savoury charm with fresh tobacco and intense cherry fruits.

Viticulture

The 2021 Tempranillo was handpicked in the cool of the morning and crushed and fermented with 10% whole bunches.

Winemaking

The resulting wine is a softer, elegant, fruit focused style of dry red wine.

Quick Notes
