

Presta® Marine MAXCOMPLETE COMPOUND (1630)

DESCRIPTION

Presta® Marine MaxComplete next generation cutting compound provides aggressive cutting action for heavy scratch removal and produces a gloss final finish. This water-based, easy-to-cleanup formula is designed to remove P800 and finer sand scratches and light-heavy oxidation on fiberglass, gel coat, selected painted surfaces in marine and industrial applications.

DIRECTIONS

SHAKE WELL BEFORE USING. Do not apply in sunlight or on warm surfaces. Apply a 2" dab of MaxComplete Compound for a 2' x 2' (.6m x .6m) section and spread with the cutting pad. Buff at speed between 1800 to 2600 rpm. Recommended speed is 2200 rpm. Work the buffer side to side slowly in a figure eight pattern as you slowly buff the gel coat surface until most of the product is gone and gloss appears. Add more MaxComplete Compound and repeat if necessary to remove deep scratches. Remove compound splatter as soon as possible with a soft, damp cloth such as a Presta Microfiber Cloth, #800135.

FEATURES AND BENEFITS

VOC Compliant & shop safe formula	No silicone Eco-friendly
Innovative emulsion formula	Cuts fast Finishes clean
Water-based	Easy to use Easy to clean up

PACKAGE SIZES

- 32 fl. oz. – Case of 12 (Part Number: 163032)
- 1 Gallon - Case of 4 (Part Number: 163001)

PRODUCT FAQ'S:

Q1: Is MaxComplete Compound body shop safe?

A1: MaxComplete Compound is body shop safe and contains no silicone, wax, or fillers.

Q2: What grit sand scratches will MaxComplete Compound remove?

A2: MaxComplete Compound is designed to remove P800 or finer sand scratches.

Q3: What is the main use for MaxComplete Compound?

A3: MaxComplete Compound is a very versatile product that works well to remove aggressive sand scratches, defects, and heavy oxidation in marine applications.

Q4: Can MaxComplete Compound be used with other Presta buffing systems?

A4: Yes, MaxComplete Compound is compatible with all Presta buffing products and systems.

Q5: How do I know what Presta pad to use with MaxComplete Compound?

A5: Presta products have a color-coded banner behind the Presta logo on each bottle that matches the color of the buffing pad that should be chosen for use. For best results use the white, hook and loop 100% twisted wool pad from Presta (single sided - #890146, double sided - #810073).
