"I purchased a copper sink for my new bathroom. The service was excellent. They helped me choose the exact color that would match my granite countertop. It looks magnificent. Everyone keeps asking which interior designer I used. Their service was superb. I plan to go through them when I buy my copper farmers sink for my next kitchen project. I would recommend them highly."

"As a designer in the central coast of California, I work with clients that appreciate the rustic and luxurious look of copper. Copper can be expensive and ranges in quality so I feel very lucky to have found Copper Alchemy. We have worked on a wide range of projects together, from wineries and ranches to home remodels and outdoor bars. They have been consistently awesome to work with! My clients absolutely adore their stuff and they have helped me get repeat customers since they are experts with custom work.

They are a family run boutique business which allows them to provide superb customer service, something that is hard to find in today's digital world!"

"I am very pleased with the service, communication, products and follow-up. With online shopping you never are certain, but I depend a lot on the ratings. Ernesto and his family went over an above to get me the right size and shape of copper sinks I needed when remodeling my bathrooms. Two of the sinks had to be made a certain size, and they got it done without a hitch. Will definitely use them again and recommend you give them a try. Top notch company and products."

Online shopping is a tricky business and I have to say that Copper Alchemy took away all my worries about buying copper sinks online, especially during the hectic time of remodeling. I ordered two vessel copper sinks for our bathroom and a gorgeous customized bar sink for our new wine bar. The products were very true to the photos on their website and actually even better in person; the quality of the sinks are truly outstanding. Ernesto was a great help with creating a customized sink that fit our exact vision for our wine bar. It is so refreshing to find small companies that take such good care of their customers and offer very reasonable prices. I would recommend them to anyone!!

“We consulted Ernesto regarding the availability of copper sinks for our bath remodeling project. His recommendations were on point and he was very helpful in our selection of two copper sinks for one bath and a copper vessel sink for our other bath. Ernesto suggested accompanying faucets to complement each sink. We are EXTREMELY pleased with the outcome. We offered pictures to Ernesto to display the success of his recommendations. We will recommend your company and especially Ernesto to other interested customers. Your delivery of both the sinks and faucets was very timely to facilitate installation. Thank you for a very beneficial experience.”

Hi Ernesto,

The sink arrived on Monday, the 27th, and we are delighted. I must admit I was the one that loved the unusual shape while my husband was just so-so about it. When he saw it, he had one word.....magnificent. It may not be installed until towards the end of March as we now await the completion of the marble countertop it will sit on. We anxiously await the final look.

“Thank you for your assistance in customizing the size of the sink. Your help was greatly appreciated and we look forward to enjoying the beautiful sink for many years to come. “

Warm regards,

Dear Copper Alchemy,

“We ordered a new Luna Maya copper sink for our powder room in January. The packaging, shipping, and craftsmanship of the sink is superb. We are so very pleased!

We simply had to write to let you know how highly we value your company, especially in this day and age when an internet order of a product can be iffy. “

Regards and gratitude,

Ernesto & Camilla,

Well my beautiful copper sink arrived yesterday evening, safe and sound and I am so pleased to tell you that it meets and exceeds my expectations! I can't wait until my kitchen renovation begins. I'll be sure to send you pictures of the kitchen and the sink when the project is completed.

I wanted to mention Camilla's professionalism and courtesy during this process. As a sales professional myself I am pleased to day that my purchase with Copper Alchemy was greatly influenced by my encounter with Camilla. She is knowledgeable about the products but more important, she is courteous, patient, and a pleasure to work with.”
