

LARGE SPRING BASE

Details:

Our largest spring base yet, engineered for maximum durability. This heavy-duty design minimizes potential damage to your safety flag pole by allowing the whip to bend and flex, ensuring optimal performance. Specifically crafted for use with all safety flag poles exceeding 2.5 meters in height.

Features:

Heavy duty spring base with washer and bolt

Suitable for all of our safety flag poles over 2.5mtrs in height

1/2inch BSW thread

Dimensions: 215mm (L) x 45mm (W)
