

Properties	Unit	Test method	Values
Polymer base			SEBS
Colour			Black
Hardness	Sh A	ISO 868 (3s)	90
Density	g/cm3	ISO 1183-1	1,9

Special properties	Applications
Sound damping material Low rebound resilience Absorbs mechanical energy High density increases damping property	Music industry where damping is required

Caution
All values reported are typical values based on sample laboratory tests and are not a guarantee of performance. The responsibility to conduct testing to determine suitability of use for the particular process or end-use application remains with the customer.
Fire may create small amounts of hydrogen sulfide and carbon dioxide. Disposal by incineration in compliance with local regulations.
