

Section 1. Identification

Manufacturer:

AutoRenu
308 E Market St.
New Albany, IN 47150
(800) 275-2788
(800) 424-9300

EMERGENCY TELEPHONE NUMBER

24-Hour Emergency Contact: CHEMTREC +1 800-424-9300

Product Identification: All Purpose Cleaner

Suggested Use: Use to clean hard surfaces & leather or fabrics. Safe for most surfaces.

Section 2. Hazard(s) Identification

**Hazard Class. Statements &
Category Codes**

Pictograms:

NONE

Signal Word:

Warning

H316: Skin corrosion/irritation – Causes mild skin irritation **Category 3** (Mild)

H320: Serious eye damage/eye irritation – Causes eye irritation **Category 2B** (Mild)

Prevention Statements:

P264+P265 Wash hands after handling. Do not touch eyes.

Response precautionary statements:

P301 IF SWALLOWED:

P330 Rinse mouth.

AutoRenu

Seek Medical Attention as needed

P302 IF ON SKIN:

P332+P317 If skin irritation occurs: Get medical help.

P305 IF IN EYES:

P351 Rinse cautiously with water for several minutes.

P338 Remove contact lenses, if present and easy to do. Continue rinsing.

P337+P317 If eye irritation persists: Get medical help.

Section 3. Composition/Information on Ingredients

Component Name	CAS Number	Percentage
Water	7732-18-5	94+%
2-Butoxy ethanol	111-76-2	<0.2%
Proprietary mixture	N/A	Trade Secret

Proprietary percentages are blends of chemicals under reportable values. Ranges are given due to batch variation and/or ranges given on the raw materials SDS.

Section 4. First Aid Measures

General advice : Move out of dangerous area. Consult a physician. Show this safety data sheet to the doctor in attendance. Do not leave the victim unattended.

If inhaled : If unconscious, place in recovery position and seek medical advice. If symptoms persist, call a physician.

In case of skin contact : Immediate medical treatment is necessary as untreated wounds from corrosion of the skin heal slowly and with difficulty. If on skin, rinse well with water. If on clothes, remove clothes.

In case of eye contact : Small amounts splashed into eyes can cause irreversible tissue damage and blindness. In the case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Continue rinsing eyes during transport to hospital. Remove contact lenses. Protect unharmed eye. Keep eye wide open while rinsing. Take victim immediately to hospital.

If swallowed : Clean mouth with water and drink afterwards plenty of water. Keep respiratory tract clear. Do NOT induce vomiting. Do not give milk or alcoholic beverages. Never give anything by mouth to an unconscious person. If symptoms persist, call a physician. Take victim immediately to hospital.

Section 5. Fire Fighting Measures

Flash Point: Over 200°F

Autoignition Temperature: Not determined

Flammability Limits in Air: Not determined

Extinguishing Media: Carbon dioxide (CO₂) water spray. Dry chemical foam can be used to cool fire-exposed containers.

Fire Fighting Procedure: Self-contained breathing apparatus and protective clothing should be worn in fighting fires involving chemicals. Evacuate area in case of overheating or fire. Vapors are heavier than

AutoRenu

air and may travel to a source of ignition and flash back. Static electricity will accumulate and may ignite vapors.

Hazardous Decomposition Products: Carbon oxides and various hydrocarbons.

Section 6. Accidental Release Measures

Containment/Clean Up: Seek Federal and local requirements. Collect for disposal. Clean up remaining materials from spill with suitable absorbent. For large spills provide diking or other appropriate containment to keep material from spreading. If diked material can be pumped, store recovered material in appropriate container. Clean area as appropriate as some silicone material, even in small quantities, may present a slip hazard. Final cleaning may require steam, solvents or detergents. Observe all personal protection equipment recommendations described in Sections 5 and 8 of this MSDS. Observe all Federal and government regulations that may apply to the cleanup of this material.

Section 7: Handling and Storage

Precautions for safe handling:

Keep container in a well-ventilated place. Keep container closed. Empty container may contain product residues. Ground/bond container and receiving equipment. Follow precautions for safe handling after container is empty.

Conditions for safe storage :

Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Observe label precautions. Electrical installations / working materials must comply with the technological safety standards.

Section 8: Exposure Controls and Personal Protection

Engineering Controls:

Local Exhaust: Provide sufficient mechanical (general and/or local exhaust) ventilation to maintain exposure below TLV(s).

General exhaust: Recommended

Personal Protective Equipment for Routine Handling:

(No safety equipment is required)

Eyes: Use proper protection – safety glasses recommended.

Skin: Washing at meal time and end of shift is adequate.

Suitable Gloves: butyl rubber protection gloves

Inhalation: If spraying or other operations that generate an aerosol mist are conducted, respiratory protection for exposed personnel is recommended.

Precautionary Measures: Avoid eye contact.

Section 9: Physical and Chemical Properties:

AutoRenu

Physical Form:	Liquid	Viscosity:	Not determined
Color:	Clear	Melting Point:	Not determined
Odor:	Slight	Boiling Point:	Not determined
Specific Gravity @ 25° C:	~1	Flash Point:	250° F
Solubility in Water:	Soluble	Vapor Pressure @ 25° C	Not determined
VOC content (% by weight)	< 0.2%	pH:	9 to 10

Section 10: Stability and Reactivity

Chemical Stability: Stable

Hazardous polymerization: will not occur.

Conditions to Avoid: High temperatures

Materials to Avoid: Avoid mixing/contact with: Strong oxidizing agents, Strong Acids, Strong Bases, Strong Reducing agents.

Section 11: Toxicological Information

Acute Toxicity: Not expected (less than 0.18% of this product has) Acute toxicity (ORAL) estimate: 1,314 mg/kg & Acute toxicity (DERMAL) estimate: 1,112 mg/kg & Acute inhalation toxicity: Acute toxicity estimate: 11.11 mg/l

Irritation/Corrosivity - Causes eye irritation with mild skin irritation.

Sensitization - No information available

Repeated dose toxicity - No information available

Carcinogenicity - NONE

Section 12: Ecological Information

Bioaccumulation : Bioaccumulation is unlikely.

Mobility : No data available

Biodegradability : This product is expected to be inherently biodegradable.

Section 13: Disposal Considerations

Product : The product should avoid being allowed to enter drains, water courses or the soil. Do not contaminate ponds, waterways or ditches with chemical or used container. Dispose of contents/container in accordance with local regulation. Waste must be disposed of in accordance with federal, state and local environmental control regulations.

Contaminated packaging : Empty remaining contents. Dispose of as unused product.

Section 14: Transportation Information

DOT Road Shipment Information (49 CFR 172.101)

Non-Regulated.

Section 15: Regulatory Information

US federal regulations: This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

Notification status.

AutoRenu

TSCA : YES. All substances listed as active on the TSCA inventory

AICS : YES. On the inventory, or in compliance with the inventory

DSL : YES. All components of this product are on the Canadian DSL

KECI : YES. On the inventory, or in compliance with the inventory

PICCS : YES. On the inventory, or in compliance with the inventory

IECSC : YES. On the inventory, or in compliance with the inventory

EPCRA - Emergency Planning and Community Right-to-Know

Pennsylvania Right To Know: Amines, C10-16-alkyldimethyl, N-oxides AND/OR Laurylamine oxide

CERCLA Reportable Quantity

This material does not contain any components with a CERCLA RQ.

SARA 304 Extremely Hazardous Substances Reportable Quantity

This material does not contain any components with a section 304 EHS RQ.

SARA 311/312 Hazards : Skin corrosion or irritation & Serious eye damage or eye irritation

SARA 302 : This material does not contain any components with a section 302 EHS TPQ.

SARA 313 : This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

California Prop. 65

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

Section 16: Other Information

The information accumulated herein is believed to be accurate but is not warranted to be whether originating with the company or not. Recipients are advised to confirm in advance of need that the information is current, applicable, and suitable to their circumstances. Any material supplied is the sole responsibility of the user. All materials may present unknown health hazards and we cannot guarantee that the hazards listed herein are the only hazards that exist.
