## ADVANCED CHOLESTEROL MANAGEMENT FORMULATION THAT ENHANCES LIVER FUNCTION & BLOOD FAT METABOLISM

### The Enerex Advantage

- > Blends proven natural remedies such as Policosanol, Red Reishi Mushroom, Niacin, B vitamins, and Methionine for an effective cholesterol aid
- > Helps lower LDL and total cholesterol and maintain healthy cholesterol levels
- > Includes phytosterols which help reduce the absorption of dietary cholesterol in the intestines
- > Has Red Yeast Rice which contains compounds that help lower cholesterol
- > Helps maintain proper levels of homocysteine, a protein linked to increase risk of heart attack, strokes, and possibly to artery damage.
- > Helps detoxify healthy fat and metabolize cholesterol

**Enerex Cholesta Check's** active ingredients work with your body's natural processes to help promote healthy cholesterol levels. A diet high in saturated fats and processed foods is exacerbated by low levels of physical activity and, over time, these factors are the leading cause in developing unhealthy cholesterol levels. Left unchecked this can lead to the #1 cause of premature death in the world: heart disease. By lowering unhealthy cholesterol levels, one of the major risk factors for heart disease, you can dramatically improve your longevity and overall health.
