For healthy joints!

Collatis FLD2000 is an advanced Swiss made ingredient produced from wild and sustainable fish species, and a key part in the effectiveness of this formulation. Vegan Glucosamine, from Non-GMO corn increases the viscosity of the synovial fluid in the joints thus acting as an effective lubricant as well as aiding in the formation of cartilage. MSM's function is to reduce pain and inflammation. Bamboo Silica assists in rebuilding connective tissue, such as tendons and ligaments and also

works synergistically with vitamin D and available Calcium to strengthen bone mass and flexibility.

The **Free Flex** formulation also provides your required daily amounts of Vitamin D for bone health and a stronger immune system. Vitamin C, a powerful antioxidant that acts as a tissue repair agent and strengthens the immune system response. If you are an active person or experiencing joint issues, **Free Flex** is the ultimate formulation for you.
