

GLUCO CHECK

PART OF THE
ESP PROGRAM*

ADVANCE BLOOD SUGAR MANAGEMENT FORMULATION WITH TWO CLINICALLY PROVEN & PATENTED INGREDIENTS

The Enerex Advantage

- > Combines patented clinically trialed ingredients with traditional herbal remedies to help effectively manage your blood sugar levels
- > Slows the rate of absorption of starches that convert to glucose, reducing the glycemic index of ingested foods, lowering the spikes in blood sugar levels after eating, for more balanced energy
- > Helps reduce your cravings for sweetness, especially after meals
- > Helps improve and maintain proper insulin sensitivity and cellular metabolism of blood glucose
- > Provides essential vitamins and minerals that aid in glucose utilization and insulin sensitivity at the cellular level
- > Glucevia®: new patented extract from Ash tree balances blood sugar
- > InSea 2®: patented seaweed blend improves
- > glucose regulation

80054113

Glucose is the universal energy source for our body. Managing glucose (blood sugar) is essential to a healthy lifestyle. Too much sugar and refined carbs overburden the body, leading to serious health issues. Today, refined sugar consumption has increased hugely, to over 130 lbs/yr. of added sugars in the average diet. Diabetes/pre-diabetes now affects 1 in 4 Canadians.

Proper diet sets the tone to effectively manage blood glucose levels. When help is needed, Enerex Gluco Check assists in maintaining balanced blood sugar levels. With two patented and clinically trialed ingredients, this advanced formula also adds essential nutrients often lacking, to help the body better utilize and improve the efficiency of blood sugar metabolism to keep levels within a normal healthy range.
