## HELPS RELIEVE EYE STRAIN SYMPTOMS, DETERIORATED VISION & EYE FATIGUE

### The Enerex Advantage

- > Use of soft gels to preserve ingredient strength & prevent ingredient oxidation/deterioration
- > Patented ingredient Astareal®
- > Highest levels of Astaxanthin & Zeaxanthin in one pill in the market
- > NAC is one of the most powerful antioxidants available
- > Only formulation to address eye strain & fatigue, and macular degeneration, all in one pill
- > Lutein, along with Zeaxanthin, is the predominant antioxidant found in the eye area vital to sight, the macula
- > Zeaxanthin filters harmful computer blue-light waves, protects the retina, and maintains eye cells
- > Astaxanthin, the most powerful carotenoid, is clinically proven to reduce visual display terminal (VDT) fatigue and protect from UV light
- > Bilberry is a botanical sight-booster containing antocyanosides that reduce oxidative stress in the eyes and prevent ocular fatigue
- > NAC (N-acetylcysteine) antioxidant is used to prevent and even help reduce degenerative eye disorders and increase eye health
- > Beta carotene contains the natural form of Vitamin A. Excellent for general eye health

80067625

Many of us experience eye strain symptoms including blurred vision, eye fatigue, irritated eyes and headaches due to overexposure and glare from computer, TV and other devices. Eye strain, or asthenopia, may be relieved by targeted eye antioxidants. **OCCUMAX** is an advanced formula that provides patented ingredients proven to help prevent fatigue brought on by concentrated eye use for visual tasks (caused by clenching the muscles of the eyelids and temples).

Keep your vision clear and sharp. **OCCUMAX** also helps maintain optimal eye function, reduce free radical damage that can cause deteriorating vision, and reduce risks of retinopathy, cataracts and age-related macular degeneration.
