

# OCCUMAX

ENEREX OCCUMAX OFFERS THE MOST POWERFUL, CLINICALLY PROVEN EYE HEALTH FORMULATION IN A ONE-A-DAY FORMULA TO RELIEVE EYE STRAIN, FATIGUE AND IMPROVE EYE HEALTH.

## THE ENEREX ADVANTAGE

- > Small easy to swallow one softgel per day
- > Patented ingredient Astareal®
- > Only formula to contain Astareal (axanthin) and Zeaxanthin in one
- > Human tested patented ingredients
- > Formulated with the most powerful antioxidants specifically NAC
- > High potency
- > Made in Canada

## EACH SOFTGEL CONTAINS:

### Medicinal Ingredients:

NAC (N-Acetyl-L-Cysteine) . . . . .	250 mg
AstaREAL® L 10 . . . . .	65 mg
(Astaxanthin, <i>Haematococcus pluvialis</i> , 10% Astaxanthin, whole)	
Bilberry ( <i>Vaccinium myrtillus</i> , 25% Anthocyanidins, fruits) . . . . .	50 mg
Lutein (Marigold Extract 20% Lutein, <i>Tagetes erecta</i> , flowers) . . . . .	6 mg
Beta Carotene 5,000 IU . . . . .	3.125 mg
Zeaxanthin . . . . .	2.5 mg
(Marigold Extract 20% Zeaxanthin, <i>Tagetes erecta</i> , flowers)	

AstaREAL® is a registered trademark of Fuji Chemical Industry Co. Ltd.

Tested and verified to be gluten free.

**ADULTS:** Take 1 softgel daily or as directed by a health care practitioner.

80067625

Over 65% of Canadians experience eye strain symptoms including blurred vision, eye fatigue, irritated eyes and headaches due to overexposure and glare from computer, TV and other technological devices. Clinical research has shown that eye strain, or asthenopia, can be assisted by targeted eye antioxidants.

Occumax also helps maintain optimal eye function, reduce free radical damage that can cause deteriorating vision, and help reduce risks of retinopathy, cataracts and age-related macular degeneration.

Part of ESP Program\*

## Functional

Functionals focus on specific conditions and work to reduce, improve, restore, and assist the body to take or make corrective actions adding elements that can restore balance to the body.

# OCCUMAX

- > **ASTAREAL (ASTAXANTHIN):** is the most powerful carotenoid for free radical scavenging. It is 65 times more powerful than vitamin C, 54 times beta-carotene, and 14 times vitamin E. Astaxanthin is clinically proven to reduce visual display terminal (VDT) fatigue and protect from harmful UVB light.
- > **ZEAXANTHIN:** filters harmful computer blue-light waves, protects the retina, and maintains eye cell health. Zeaxanthin is able to cross the blood-brain-retina barriers to provide pinpointed protection.
- > **NAC (N-ACETYLCYSTEINE):** is a powerful antioxidant shown in studies to prevent and even help reduce degenerative eye disorders including cataracts, and to increase eye health by protecting the retina from oxidative stress.
- > **LUTEIN:** is the predominant antioxidant found in the area of the eye that is vital to sight, the macula; dietary Lutein has been shown to increase the macula's pigment density. Lutein is a carotenoid that combats free radicals formed due to absorbing damaging types of light waves.
- > **Lutein** aids in ocular diseases including AMD, and also improves visual function in healthy people with long-term computer display exposure, especially improving glare sensitivity.
- > **BILBERRY:** is a botanical sight-booster containing anthocyanidins that reduce oxidative stress in the eyes, prevent ocular fatigue, and reduce eye disease risks. (Occumax Bilberry has 25% anthocyanidins.) Bilberry flavonoids also support and protect collagen in eye blood vessels, assuring healthy capillaries that carry vital nutrients to eyes.
- > **Enerex** products are housed in recyclable BPA-free PETE plastic containers to provide the best protection against oxidation, moisture, sunlight, and "chemical migration" from container to product (so the supplements don't acquire toxins from the plastic). In all of these areas, PETE is virtually equal to that of glass but without the larger environmental footprint left by glass packaging (it's very heavy to transport, using more fossil fuel).
- > **Beta carotene** contains the natural form of Vitamin A. Excellent for general eye health
