ORGANIC OREGANO OIL + A&D

Benefits of Vitamin A

- Strengthens our immune system
- Strong antioxidant
- Strengthens vision & skin tone

Benefits of Vitamin D

- Strengthens our immune system
- Needed for Bone Formation
- Regulates our insulin production
- Supports lung & cardio functions

Wild Mediterranean Oregano is oil-rich, with leaves containing hundreds of oil glands complex in chemical structure. Numerous studies reveal the power of carvacrol, which gives the herb's aroma and taste. Carvacrol is a phenolic antioxidant, working with partner component, thymol. Taken internally, carvacrol and thymol support immune, digestive and respiratory systems. Used externally, they are antiseptic and analgesic, aiding arthritis, headaches, insect bites, shingles and neuralgia.

Enerex Organic Oregano Oil + A&D offers a higher ratio of Mediterranean Oregano Oil, and contains minimum 80% carvacrol content — a measurement of quality. Species having higher carvacrol grow in the Mediterranean (*Origanum vulgare*); certain species also provide greater thymol content. Oil is obtained from dried leaves/flowers by steam extraction (1000 kg of desiccated herb = 15-30 kg of essential oil), with 1st distillation, and then blended with certified organic olive oil. Pure Oil of Oregano is too harsh to consume orally, and can burn skin if applied without this carrier oil.

Organic Oregano Oil + A&D: This high performance immune builder is used orally or topically.

- > Higher potency blend of 40% Certified Organic Oregano Oil from the Mediterranean region diluted in 60% Certified Organic Olive Oil
- > Most Oregano Oils sold offer only 20-35% ratios within Olive Oil
- > Contains both Vitamins A & D, most other Oregano formulation contain only Vitamin A or no Vitamins at all
- > Superior Oregano Oil (*Oreganum vulgare*) functional actives containing over 80% naturally occurring Carvacrol content, and not artificially boosted
- > Oil of Oregano's medicinal use traced to Babylonia, 3000 BC
- > Benefits researched in 100s of clinical studies worldwide
- > Steam distilled (separation/purification process for temperature-sensitive aromatic oils using low pressure/heat); no solvents
- > Certified Organic Olive Oil is 1st cold-pressed, extra virgin, ecologically farmed
- > Includes vitamins A & D for added antioxidants & to preserve freshness
- > Excellent remedy for Mosquito bites and use as Mosquito repellent
