BIBO is the latest technology in hot and cold filtered water

The BIBO Water Bar is the next generation hot and cold water dispenser, providing you with an unlimited supply of delicious tasting filtered and purified water, served perfectly chilled or boiling hot at the touch of a button.

Premium water filtration

The BIBO Water Bar features the latest multi-stage carbon filtration and UV purification technology. All impurities are removed from your tap water to the highest standards, resulting in great tasting, healthy water served chilled or boiling hot.

Energy efficient and environmentally friendly

The BIBO Water Bar combines multiple kitchen appliances into one energy efficient system - saving money not just on water, but also energy costs. Sleep mode promotes extra energy saving when your BIBO is not in use.
