AS100SL Benchtop Drinking Water Filter System

**HIGH
QUALITY
1 MICRON
FILTRATION**

NSF Certified

**EASY DO IT
YOURSELF
INSTALLATION**

**10
YEAR
WARRANTY**

The **AS100SL Slimline Benchtop Water Filter** is a high quality slim, stylish and compact unit that easily connects to any kitchen tap. The design allows for quick and easy cartridge change without the need for specialised spanners or tools.

The 1 micron filter removes harmful cysts such as giardia, and cryptosporidium while reducing or removing bacteria, chlorine, chloramines, pesticides, herbicides, insecticides, THM's, VOC's, heavy metals, asbestos, taste and odour.

Filter Output:	4,000 litres
Warranty (Excludes Cartridge):	10 years
Max Flow Rate:	3 Litres per minute
Filter Micron Rating:	1 Micron
Filter Life Expectancy:	12 Months
Dimensions:	30cm (H) x15cm (W) x 15cm (D)

Multi-Stage Filtration

Stage 1 (1 micron) - Removes any suspended particles and protects the carbon.

Stage 2 Contains small granules of carbon to remove contaminants such as pesticides, herbicides, THMs, VOCs, taste, odour and other chemicals.

Stage 3 Final 1.0 micron screen removes those contaminants missed in the previous stages of filtration.

Filtration Test Results
