REPORT
RN17-21605.003
Revision 1

Page 1 / 8

The present document voids and replaces any previously issued document of the same job reference that must be destroyed or returned to the laboratory.

Photo de l'échantillon :

(1) Assays subcontracted in a SGS laboratory (2) Assays subcontracted in a partner laboratory

(3) Uncertainty with k=2 without other described note in the test report directly.

Abbreviations ME or MO described within the field "parameters" of this report mean "Internal method" (adapting from the reference text if described hereinafter).

This document is issued by the Company subject to its General Conditions of Service available on request or accessible at <http://www.sgs.com/en/Terms-and-Conditions/Terms-e-Document.aspx> and, for electronic format documents, subject to Terms and Conditions for Electronic Documents at <http://www.sgs.com/en/Terms-and-Conditions/Terms-e-Document.aspx>

Attention is drawn to the limitation of liability, indemnification, jurisdiction and to the use of SGS and COFRAC brand-names issues defined therein.

Any holder of this document is advised that information contained hereon reflects the Company's findings at the time of its intervention only and within the limits of Client's instructions, if any. The Company's sole responsibility is to its Client and this document does not exonerate parties to a transaction from exercising all their rights and obligations under the transaction documents. This document cannot be reproduced except in full, without prior written approval of the Company. Any unauthorized alteration, forgery or falsification of the content or appearance of this document is unlawful and offenders may be prosecuted to the fullest extent of the law.

Unless otherwise stated the results shown in this test report refer only to the sample(s) tested and such sample(s) are retained for 60 days only (indeed less depending on kind of sample(s)) or more than 60 days according to particular client's request.

WARNING: The sample(s) to which the findings recorded herein (the "Findings") relate was(were) drawn and / or provided by the Client or by a third party acting at the Client's direction. The Findings constitute no warranty of the sample's representativeness of any goods and strictly relate to the sample(s). The Company accepts no liability with regard to the origin or source from which the sample(s) is/are said to be extracted.

The present document voids and replaces any previously issued document of the same job reference that must be destroyed or returned to the laboratory.

This document is issued by the Company subject to its General Conditions of Service available on request or accessible at <http://www.sgs.com/en/Terms-and-Conditions.aspx> and, for electronic format documents, subject to Terms and Conditions for Electronic Documents at <http://www.sgs.com/en/Terms-and-Conditions-for-Electronic-Documents.aspx>

Attention is drawn to the limitation of liability, indemnification, jurisdiction and to the use of SGS and COFRAC brand-names issues defined therein.

Any holder of this document is advised that information contained hereon reflects the Company's findings at the time of its intervention only and within the limits of Client's instructions, if any. The Company's sole responsibility is to its Client and this document does not exonerate parties to a transaction from exercising all their rights and obligations under the transaction documents. This document cannot be reproduced except in full, without prior written approval of the Company. Any unauthorized alteration, forgery or falsification of the content or appearance of this document is unlawful and offenders may be prosecuted to the fullest extent of the law.

Unless otherwise stated the results shown in this test report refer only to the sample(s) tested and such sample(s) are retained for 60 days only (indeed less depending on kind of sample(s)) or more than 60 days according to particular client's request.

WARNING: The sample(s) to which the findings recorded herein (the "Findings") relate was(were) drawn and / or provided by the Client or by a third party acting at the Client's direction. The Findings constitute no warranty of the sample's representativeness of any goods and strictly relate to the sample(s). The Company accepts no liability with regard to the origin or source from which the sample(s) is/are said to be extracted.

The present document voids and replaces any previously issued document of the same job reference that must be destroyed or returned to the laboratory.

Remark : Analyses have been realized on a mix of different parts of the sample.

Conclusion :

No allergens have been detected above our limits of quantification.

No formaldehyde has been detected above our limit of quantification, compliant with OEKO TEX standard for a category I product.

No pesticides have been detected above our quantification limits. The sum of positives being inferior to the OEKO TEX standard limit for a category I product.

No PAH have been detected above our quantification limit and above the limit of 0.5 mg/kg of the entry 50 of annex XVII in REACH regulation No 1907/2006 and according limits of AfPS.

No phthalates have been detected above our quantification limits, compliant with OEKO TEX standard for a category I product.

No chlorine has been detected above our quantification limit.

No heavy metals have been detected above our quantification limits, compliant with OEKO TEX standard for a category I product.

No organic volatile compounds have been detected above our quantification limits.

No organotins compounds have been detected above our quantification limits and above the limit of 0.1% (w/w) of the entry 20 of annex XVII in REACH regulation No 1907/2006.

No alkylphenols have been detected above our quantification limits, compliant with OEKO TEX standard for a category I product.

No furan has been detected above our quantification limits.

No dioxins nor furan have been detected above our quantification limits.
